Yes 2.7%
No - 97.3%

Program Requirements & Reccomendations

02. Please type in your answers to the questions below. (Note: 500 character maximum for each question)

a. What specific preparation should future students do prior to participating in this program?
- syudy surgical procedures
- Suture
- none
- Review biomechanics 3rd year rotation notes.
- Study old material
- nothing
- study classification systems wound care
- review class notes
- ALL ASPECTS OF PODIATRY
- Read up on everything covering podiatric medicine
- read notes
- The same thing you do every CFAC
- None
- nothing
- review pod med notes
- Be prepared in clinical setting
- review history and physical skills
- none
- None
- None

- Since we were the first students to rotate through there was not enough patients to see therefore we managed with what we had
- abx
- none
- HAVE BASIC KNOWLEDGE OF BASIC PODIATRIC CASES
- review abx and derm
- bring material to study articles books
- Know basic clinical skills
- none
- Study class and CPC notes
- Look over antibiotics
- Review primary foot care
- primary podiatry review
- School clinic use your judgement for needed class notes
- study clinical care
- know everything
- Go over Pod Med skills Dr. Caldwells pod med notes Biomechanic notes and surgery notes
- review biomechanics and primary care material
- None
- Study up on general material
- clinic stuff
- clinic stuff
- review charting
- study surgery
- None
- na
- none
-
-
-
- nothing
- none
-
- whatever u did before for cfac
- none
- Be knowable of common diabetic foot problems onychomycosis and different topical and oral meds
- ABX Classnotes
- typical podiatric education
- na
- look up your drugs before you present
- school clinic
- review clinic policies
- nothing
- review everything
- review everything
- Regular clinic work up
- none
- study
- nothing
- ocpm classes
- same as CFAI
- na
- review charting
- know antibiotics and how to do an HP
- Review medicine and pharmacology
- none
- office skills
- office skills
- COMPLETE H AND P
- primary care
-
- na
- read the basic books
- 0
-

- none
- bring study material busy work to do in down time
- Brush up on presentation and nail cutting skills.
- none
- Show what youve learned on clerkships when you come back to CFAI
- none
- read
- general podiatry
- study their podiatric skills
- None
- None
-
- know how to cut toe nails
-
- NA
- none
- NA
- usual cfac stuff
- usual cfac stuff
- good night sleep
- knowledge
- get your nail clippers out
- none
- Podiatry everyday treatment
- none
- Go to class
- read pod-med notes
- none
- nothing
- NA
- know your notes
- Nothing
- know how to write a good SOAP note
- pay attention in class
- Bring study material
- pod med and biomechanics
- Read
- review everything you learn
- review everything you learn
- review everything you learn
- Basic school rotation. Must do a presentation for Dr. Bodman on a medical topic you have not researched before.
- get a power point topic
- antibiotics wound care
- none
- none
- none
- Antibotic Use
- Antibotic Use
- Antibotic Use

e. What aspects of this program need improvement and/or attention? Please make suggestions.
- organization
- none
- Difficulties should be alleviated by the move

- Difficulties should be alleviated by the move.
- None
- 3 externs a month is too many. Also too much down time
- more surgery
- Scheduling for CPCs and Grand Rounds there needs to be more communication amongst faculty as to when programs are taking place.
- CLINIC AND SURGERY WAS A LOT OF FUN
- More Patient flow
- none
- Needs a few more patients.
- Most of the aspects especially the type of patients that we get to work on. They are mostly nothing but toenails or callus associated patients
- too much down time
- volume - already corrected
- More education from Dr. Chiunda
- increase in patient volume
- More patients needed
- More surgeries.
- More surgeries and been able to scrub in.
- Once the program has a higher patient load i think that it will be a valuable experience
- more volume
- needs more patient load
- MORE IN-HOUSE PATINETS
- none
- needs more patient volume
- more autonomy
- none
- more demonstrations on different techniques to suturing hand ties and other hands on learning.
- Working with a 3rd year student and a 4th year student as a partner
- none
- need more patients
- Patient population was low
- hard to say because we were in the old clinic
- The amount of patients seen
- Residents need to be more intelligent and more importantly respectful to ALL
- none
- more patients or fewer students
- more surgery
- More patients.
- more patients needed.
- journal club should be at 8:30 since it starts at 8:30 anyway the clinic should see all patients in the morning or afternoon only because it is a waste of time to see 2 patients in the morning and 1 in the afternoon it would save gas and time for students
- increase in patients per student
- paitent variety
- Need more patients ohter than nail patients
- Schedule should be compatiable to the # student drs.
- there isnt alot of opportunity to scrub in or see surgeries
- increase patient load. have clinical videos on hand
- more patients
- none
- Need more patients
- more patients needed
- get Dr. Peterson out of clinic get more patients in clinic
- clinic is a little slow but is increasing in patients over time
- more patient volume
- it would be nice to see more than 2 pts. a day
- need more patients or have less student doctors per day. HUGE waste of time.
- none
- more patients
- More patients
- less monotony
- more surgical cases and patients
- number of patients and surgical cases wound be nice
- MORE PATIENT
- none

- none
- none
- less cc and more interesting cases
- increase patient numbers
- Patient load is very low too much time is wasted. 2-3 students is more than enough to run the clinic.
- Less nail cutting can only do it so many ways.
- Organization was lacking but could be because of new clinics.
- scope of patients
- none
- more patients
- none
- need more patients
- none
- tired of seeing all nail patients
- no reason for so many fourth years to be at clinic at once for number of patients seen each day
- none
- Need to be able to take off days to go to programs
- none
- Nothing
- rotate days for 4th year students to attend pointless for us to all be there daily
- more patients
- there are too many
- more patients
- -
- Not busy enough
- more patients
- Need to see more patients
- greater variety of patients
- More patients
- schedule patient load to available rooms
- All seniors should not be made to go on MWF... It gets too crowded with too few patients to see.
- More pts
- none
- More pateints
- none
- None
- None
- more patients
- week off
- MORE SURGERY ESPECIALLY FOR 4TH YEARS!!!!!
- Very little variety in academics patients and surgeries. Rotation provides very little opportunities for learning.
- Need more patients
- EVERYTHING. One its bull crap to have 4th years present to baby sit 3rd years MON WEDS and FRI. IT is not my responsibility to proof read their note nor should it be my responsibility to teach how to do a history when they have been in clinic 5-6 months.
- more time off for 4th year students no need for all 4th years to be there on TR and only need a few 4th years on MWF should have more time to visit programs very slow clinic
- more patients
- MORE PATIENTS
- too many 4th years
- Very low patient load
- too many people with not enought patients
- too many students at Huron. NEON clinic splits it up but that is a scarry place to work at
- more patients
- needs more pt
- not enough patientstoo many students
- students should not be sent to NEON or it should be optional it is not safe there and the doctors practice poor hygiene when dealing with patients
- less 4th years in clinic at one time
- y
- more patients need to be seen
- needs improvement in the areas of patient care
- More patients. Requiring 4th years to come in almost everyday was not useful
- more patients need to be seen
- more patients

- more patients
- all
- There is NO way all 4th year students should have to be at the clinic on the days they ae not seeing patients. It is pointless and extremely boring and a waste of our valuable time.
- nothing
- none
- more pts please
- none
- need more patients
- more pts
- they need some clinic
- More patients please.
- low pt load at Huron
- Great program
- More patients
- none
- -
- Since there are so few patients as a 4th year you should get days off to visit programs and not pair up
- None
- Attending attitudes Attending motivation Patient load.
- We did not have CPCs it would be nice to have some structures learning
- Huron hospital doesnt have enought patients to be running 5 days a week. It should be open 3 days a week and have the second year students run it to get experience before they officially start clinic
- none
- Running the clinic more efficiently i.e. time
- everything this program does not need 7 4th years there.
- Caldwells biceps... MORE CURLS!!!!!!
- more patient load
- none
- none
- Need more patients need more than nail care
- More patients because we have too much free time.
- not enough patients
- Too many fourth years at a time
- Need less students and more patients at this location. I usually saw 2 or less patients per day
- Poor location
- more journal reviews
- more patients
- journal club never happened
- More patient load.
- need housing
- If any inpatients are avaliable to be seen a 4th year student could be assigned to round on them. Hyperbaric oxygen demonstration.
- we need to see more patients
- none
- Greater 3rd year student independence
- Too many 4th years there. Only 2 4th years max needed at huron
- S
- Need a broader patient base and more patients at the Huron clinic
- see more than just nail pts and see more pts otherwise waste of time
- very slow
- Where do I begin. Not enough patients. We shouldnt have to be here 5 days a week. Let us go visit programs and not have to make up time. Dont make us stay the whole day if there are one two or no patients in the afternoons
- more patients
- very unorganized cant find supplies lots of time wasted.
- all
- 4th years need more opportunity to treat
- More post operative exposure
- More patients needed!
- more patients
- yes
- more patient load
- none
- none
- more surgical opportunities for 4th years

- more surgical opportunities for 4th years
- more surgery would be nice
- down time when 3rd yrs are there
- low patient load
- Cleveland Rotation
- constructive criticism
- more patients
- none
- none
- seeing other pts for things besides nails
- too much standing around
- OCPM clinic at Huron hospital is SLOW - hardly any patients. a complete waste of time and money
- Third and Second Years can run the clinic
- make schedule ahead of time
- Journal Club--- It needs more structure....and less intimidative tactics.
- Journal Club----
- none
- more patients
- patients
- Do not go to neon
- radiology conferences
- delete the rotation
- more surgical experience if possible
- none
- I do not feel it is necessary for the fourth years at this point to have to be present in clinic daily especially with boards II being so close. With the 3rd years one week away from being fourth years themselves and taking on the responsibilities of an
- Everything. One its bull crap to have 4th years present to baby sit 3rd years MON WEDS and FRI. IT is not my responsibility to proof read their note nor should it be my responsibility to teach how to do a history when they have been in clinic 5-6 months.
- schedule of where students need to be
- Dr. Peterson
- no wound care
- everything
- all of it
- the best rotation of OCPM
- clinic is not very busy. We dont need 1 4th year present at huron on MWF
- limited patients
- a bit more organization prior to students arrival
- a teaching environment betwen ALL of the attendings and students. Some teach some surf
- make radiology conference at St Vs optional
- broader range of pathologies
- Case presentations by attendings since there are no patients to be seen
- Need to see more patients
- more pts
- none
- would like to work up cases and do demonstrations
- more than clip nails
- Using less orthotics and treating the actual problems.
- Huron attendings deserve a raise
- volume
- Their resident selection
- There needs to be more patients for students to see
- No comment
- the attendings actually teaching students rather than sitting down in the conference room
- none
- need more of a variety of patients
- More Academia
- surgery option?
- none
- None
- An increase in patient load.
- more than debride nails
- Stop with all the stupid CPCs. We dont need a CPC every morning.
- all

- Better and more diverse patient volume.
- None
- more pts for this clinic
- need more patients.
- rotation is slow
- More diversity
- More patients
- -
- this rotation is less effective use of time
- none
- get us into the OR more often
- none
- pt volumediversity
- Clinic schedule
- Possibly scrubbing into cases
- time spent at huron was not beneficial because patient load was very light
- more surgery and enhance on patient population
- students should be able to scrub in more than once or twice in the rotation
- more cooperation from residents
- Wound care exposure
- wast of time not enough patients
- dr peterson and his inappropriatness
- clinic needs more patients
- We do nothing as 4th years and it is pointless that we need so many to be in clinic.
- surgery better exploitation of time spent there more attending involvement with students and teaching opportunities
- more patients
- none
- See more patients in Huron clinic-Currently very slow
- too many to describe here
- More patients
- needs more patients on average saw three a day
- more patients
- needs patients!
- patient volume was very low
- More diverse patient population
- needs to include OR time
- This program needs a big makeover hardly any patients
- Not enough patient flow
- involve the students somehow when there are no patients
- none
- patient volume and diversity could be improved
- higher patient volume
- Need more types of pathology and less nail patients
- Patient load
- hardly in patients
- I spent month with Dr. Thornton it was a lot better than student clinic
- more patients variety
- more patients
- variety
- This rotation needs to be taken away. It has a ridiculously low pt load and is worthless for fourth year students. An internal medicine rotation needs to be added to the curriculum and this is spot that it can fill.
- All of the above
- everything
- need more patients
- Make sure all students see the same amount of patients.
- more patients at clinic
- Fewer students more patients and surgery time
- more patients
- patient load variety of patient complains
- surgery
- no
- none
- Not all professors are professional
- everything but nail cutting

- more than just nails

03. Which best describes the location of this practice or hospital site:

- Rural Area - 2.5%
- Small Town - 2.1%
- Small City - 25.3%
- Suburb - 7.7%
- Large City - 0%
- No Answer - 62.4%

Additional Costs & Activities

04. Please type in your answers to the questions below about activities and necessary items. (Note: 500 character maximum per question)

a. If there was free time on weekends from this program, what did you find to do?
    - there is tons to do in Columbus
    - Hang out
    - go out
    - Sleep.
    - What students normally do in Cleveland
    - play checkers
    - much to do in Atlanta
    - studying for board exams
    - HOME
    - Hang out in Cleveland
    - movies
    - Whatever you normally do
    - Hang out with wife
    - indian games
    - study
    - a little of this and a little of that
    - study
    - Was at home
    - Rest and sightseing.
    - It was in cleveland
    - cleveland
    - all things cleveland
    - WENT TO BOSTON AND PROVIDENCE

Hour & Patient Estimates

05. List the average number of hours you spent on the program each day of the week:

i. Monday

7AM

4PM hour(s).

ii. Tuesday

7AM

4PM hour(s).

iii. Wednesday

7AM

7AM

4PM hour(s).

iv. Thursday

7AM

4PM hour(s).

v. Friday

7AM

4PM hour(s).

vi. Saturday

1AM

0PM hour(s).

vii. Sunday

0AM

0PM hour(s).

06. Which hours and days of the week were spent participating in the following: (List all office sites and hospitals if applicable) ex. MTWTh 8a-3p, Sa 1-2pm, Su 10-11a
