Yes 56.3%
No - 43.8%

f. Perform Skin-Skin Procedures?

Yes 12.5%
No - 87.5%

Program Requirements & Reccomendations

02. Please type in your answers to the questions below. (Note: 500 character maximum for each question)

a. What specific preparation should future students do prior to participating in this program?
- study classification systems wound care surgical procedures
- Be prepared to be asked a lot of questions that concern complex cases be mindful of what the resident needs on rounds and be prepared to draw angles for bunion procedures.
- make sure to be academically prepared they pimp alot here
- radiographic angles
- diabetic wound care radiographic evaluation
- Learn how to adjust to different personalities
- Learn how to adjust to different personalities
- Study general podiatry
- Study general podiatry
- study surgery techniques
- Preparte to do presentations each Wed
- study basic residency questions on public folder
- study basic residency questions on public folder
- none
- pod med bio mech surgery
- know radiographic angles for bunions and have 4 presentations ready
- Know surgical instruments
- Know surgical instruments
- Study forefoot surgeries and prepare to do a 3-5 min presentation every week.

- class noted
- Know about wound care
- VA procedures
- mcglamrys reconstructive surgery trauma
- No everything
- review basics
- wound care
- trauma classifications DM footcare
- know your classifications drugs i.e abx gout DM surgical procedues be able to explain them
- know wound care products
- know wound care products
- up to date on wound care
- Look over wound care therapies

b. What instruments or materials were you required to bring?
- none
- its good to have bandage scissors at all times just in case
- white coat
- tractographs scissors
- 4 powerpoint presentations monfilament bandage scissors
- none
-
- White coat...know where the rounding box is
- White coat...know where the rounding box is
- na
- white coat scrubs
- white coat bandage scissors
- white coat bandage scissors
- white coat
- none
- white coat
- Tractograph penlight
- Tractograph penlight
- None.
- tractograph
- Nothing
- tape scissors
- scissors notebook pens
- nothing
- none
- none
- none
- None
- none
- none
- white coat
- none

c. What were your chief responsibilities on this program?
- seeing treating patients in clinic asssisting and observing surgery
- You are responsible to draw angles before bunion surgeries make a presentation EVERY Wednesday of the program month keep the instrument and dressing box stocked and have it prepared for rounds make sure that the radiographs are up for every surgery in the
- minor nail procedures assisting
- assist residents
- assist with patients in clinic and in surgery
- na
-
- Follow the COMMANDS of the residents
- Follow the COMMANDS of the residents
- obsere and treat adddress
- treating patients in clinic chartin radiograph angles pre bunion sx
- round with residnet assist resident with treatment of patients
- round with residnet assist resident with treatment of patients
- be there and work
- clinic-seeing patients
- assist the residents and draw angles

- Treat patients
- Treat patients
- Follow residents draw local and put up radiographs before surgeries.
- na
- see patients
- change dressings cast
- assist with rounds set up ORs post op notes assist in surgery
- Assist residents
- clinic
- see pt round
- assist where needed with the residents
- patient care assisting residents with any and everything preping the OR
- case presentation wound care
- case presentation wound care
- do a physical exam on patient and treat pt
- Assist the residents and treat patients

d. What were the most valuable learning experiences of this program?
- clinical experience pathology complex care
- The Wednesday meetings are very helpful in preparation for interview questions and such as well as the program attending Dr. Jimenez who is very helpful in reviewing you on questions pertinent to each patient
- They helped you prepare yourself academically alot of presentations and reading
- wednesday academic meeting with Dr Jimenez
- wound care
- complex care
-
- Dr. Jimenez
- Dr. Jimenez
- How some residents can be evil
- clinic wound care
- going to anatomy lab with attending to practice difficult surgical procedures
- going to anatomy lab with attending to practice difficult surgical procedures
- Wednesday complex care clinic with Dr. Jimenez
- grand rounds and working in clinic
- practice management with Dr. Fields
- Surgeries
- NA
- Make sure that I work with people that respect me and that I can get along with.
- wound care
- wound care products
- wound care
- seeing advanced reconstructive procedures
- 0
- clinic
- wound care didactics
- Dr. Jiminez
- surgical planning
- scholarly engagement
- scholarly engagement
- wound care
- Wound care

e. What aspects of this program need improvement and/or attention? Please make suggestions.
- more surgery
- The residents there do not operate as one unit
- students should be able to see patients scrub in on more surgeries no need for 4 presentations in one month
- more surgical experience for students
- the residents need an attitude adjustment
- Residents need attitude adjustments
- get rid of thr residents there
- none
- Too much idle time
- none
- be more organized and learning opportunities
- Resident that treat students like respectable adults and organization for what externs should do on a daily basis.

- more surgeries
- number of sx that students can attend
- Need more hands-on student participation
- Long hours
- more surgery
- more OR time
- Communication and teamwork amongst the residents
- The large number of patients seen in clinic is a problem but thats more of a hospital administrative issue.
- lack of surgery cases
- Allowing students more time at the outside surgery centers

03. Which best describes the location of this practice or hospital site:

- Rural Area - 0%
- Small Town - 0%
- Small City - 0%
- Suburb - 9.4%
- Large City - 0%
- No Answer - 90.6%

Additional Costs & Activities

04. Please type in your answers to the questions below about activities and necessary items. (Note: 500 character maximum per question)

a. If there was free time on weekends from this program, what did you find to do?
    - much to do in Atlanta
    - bowling the Aquarium Coca-Cola Company CNN headquarters baseball games etc.
    - there is alot to do in atlanta concerts games events
    - movies
    - hang out with family
    - visit downtown ATL
    - UGA Bulldog games
    - party
    - mall
    - visit city parks museums
    - hang out with friends and family
    - shopping working out at ballys and visiting family
    - spend time with family
    - Lenox mall Little five points fairs and festivals
    - shopping concerts etc.
    - Play ultimate frisbee
    - yes-downtown atlanta
    - explore atlanta
    - family
    - yes free time
    - go home
    - Study but there is alot to do in Atlanta
    - spend time with family
    - shopping dining sports teams
    - Watched college football
b. If free housing was provided, please list where.
    - na
    - no free housing
    - no
