Yes 0.6%
No - 99.4%

d. Retract or Assist in Surgical Field?

Yes 6.2%
No - 93.8%

e. Suture?

Yes 5.6%
No - 94.4%

f. Perform Skin-Skin Procedures?

Yes 2.8%
No - 97.2%

Program Requirements & Reccomendations

02. Please type in your answers to the questions below. (Note: 500 character maximum for each question)

a. What specific preparation should future students do prior to participating in this program?
- nothing
- Prior to participating in program students may want to read up on surgical procedures and understand the diabetic foot
- review wound care
- wound care
- none
- get some dirty old cloths to wear as clinical attire because you will get dirty
- radiograph evaluation wound care dressing application
- Review wound care and palliative care.
- none
- Nothing its a long two months and you learn a lot
- None
- Read articles
- Review wound care
- Primary care wound care surgery
- All Notes
- None
- study hard
- none
- Know primary care

c. What were your chief responsibilities on this program?
- treatment history
- Diabetic foot care debridement of nails and ulcers mostly
- treating clinic patients no surgery
- run the clinic
- h and ps and treatment
- Clinic
- clinical treatment of patients and charting
- Work up and treat patients and write notes.
- seeing and treating pts
- depended on day
- Patients
- see clinic patients
- Seeing patients
- Primary care of patients
- Patient care and management
- Patient evaluation and treatment
- treat patients
- you will be assigned to different departments at the VA and you are responsible for being punctual and following the schedule as well as assisting with clinic when assigned
- Work in clinic

- treat patients
- H P PATIENT TREATMENT AND MANAGEMENT
- seeing clinic patients and sometimes going to surgery optional
- clinic
- see patients
- act as a student to help the attendings
- clinic
- see and treat patients
- full patient encounter
- See patients in clinic
- patient care charting
- seeing pts helping 3rd yr students
- clinic
- See patients no VA computer network and help 3rd year students
-
- primary patient care
- debriding nails

- Full eval. of patient and treatment

d. What were the most valuable learning experiences of this program?
- ulcer treatment
- Having procedures explained to me in a friendly manner by the residents
- you will learn how to treat all types of ulceration
- wound care
- There were many people there to help you
- Speed
- volume of patients seen
- Learned wound care and how to better interact with patients.
- Lots of pts with comorbidities
- The Nuclear Medicine was great...a variety of Medical exposures
- Wound care
- Practicing an H P
- Wound care
- Wound care post-op treatment
- Wound Care
- Patient interaction
- study hard
- being able to participate in other facets of medicine aside from podiatry as they contribute the podiatry in a unique way
- Primary care

- Primary care
- volume
- MODALITIES OF TREATING PATIENTS AND TAKING PROPER HISTORY
- if you are able to get into surgeries all of the doctors are good teachers
- variety of patientspathologies
- DM foot care
- academic based
- none
- diabetesamps
- exposure
- Clinic hours wound clininc
- high patient load
- wound care independence for care and tx
- clinic
- Various wound care materials
-
- how to treat patients that have no other alternative healthcare
- Nail care
- Ulcer care
- Ulcer care
- wound care
- clinic vascular rounds
- VA computer system
- working with large patient volume
- practice treating the patient
- wound care
- wound care
- if you are able to go into surgery with the doctors there it is a valuable hands on experience
- see patients fast
- wound care
- variety lots of patients
- lots of post op care
- wound care
- diabetic wound exposure
- diabetic wound exposure
- turnover rate
- na
- Hands on
- wound care
-
- wound care
- being efficient at seeing patients
- learning to be efficient good exposure to wound care

e. What aspects of this program need improvement and/or attention? Please make suggestions.
- didactic on fridays
- more surgical experience would be helpful
- none
- Maybe being able to scrub in on more surgeries.
- Need to have more efficient residences and they need to stop being so surgery hungry
- none
- More exposure to surgery would be great.
- none
- More surgery
- none
- More attendings present on some busy days.
- None
- none
- None
- none
- None
- none
- none
- scrubs on nail day! tuesdays

- none
- attendings do not spend enought time with students with the exception of Dr. Kushner
- none
- Seniors work in the morning and juniors work in the afternoon or vice versa as it has been in previous years.
- some of the attendings could be a little more hands on... some attendings were pretty good.
- nothing
- None
- learning experience
- academics
- see surgery
- As a student I was able diagnose and do the pre-operative preparation but I did not ever see any of my patients in the OR setting.
- checking the attendance
- none
- none
- To be able to wear scrubs
- less nail care
- none
- have students into surgery at least once during the month
- none
- better wound care
- none
- ability to scrub in on cases
- more variety of patients probably impossible
- none
- none
- Even out patient load so each day has an average number
- none
- balance out clinic and surgeries
- none
- NONE
- none
- Should be as much nails as it. Other VAs have helpers to do that.
- none
- none
- none...program is well to learn from
- more interaction with the physcians over the residents
- Less nail cutting can only do it so many ways.
- none. workplace environment is as pleasant as possible.
- none
- attendingstudent teaching could be better
- none
- none
- none
- more patients
- not really
- nothing
- -
- none
- nothing
- need more diversity see same stuff over and over again
- none
- less patient load on tuesdays
- Need to balance the patient load throughout the week
- none
- More help from attendings
- None
- none
- lack of surgeries for rotating students. The program only provides cases for externs and senior medicine rotating students
- none
- 3rd years are underexperienced
- none
- more education

- none
- Instruments are Dull and in need of either replacement of sharpening.
- Have more help for clinic days
- none
- more help from residents
- none
- adjusting schedule for number of 4th year students in each group
- they work us too hard over booked crazy here
- some days were severely overbooked
- none
- d
- none
- role of 4th yr needs to change
- none
- too many patients-dont schedule so many
- none
- none
- RESPECT amongst the attendings and the residents
- none
- None
- The attendings should make it a point to talk to every student at some point in time. I felt kind of snubbed by them.
- more teachingconcern for patients from attendings more positive reinforcement in a teaching environment
- more time to write notes
- surgery
- More attentive attendings and attendings that dont talk about students in a harsh way openly.
- didnt go to surgery
- see some surgery
- more surgery
- parking situation
- none
- more surgical experience would be nice
- nothing
- more workshops
- none
- s
- scheduling
- Should ask more questions of students about their patients care.
- 4th year students need to do the notes while 3rd years treat patients
- more teaching from attendings
- none
- Dont let two people go to Virgina VA if you only have 7 in your group you will be swamped
- needs more surgery
- none
- more learning and teaching
- none
- none
- accountability
- None
- none
- more internal med less brecksville va
- more guidance from attendings
- more attending involvement
- more variety would be nice
- nails
- none
- it would be nice to scrub in instead of seeing a rediculous amt of patients
- quit overbooking patients
- more surgery
- problems with residents and respect levels
- need surgery exposure
- Allow students to go to some surgery
- more academics
- Having the nurse rush patients into rooms regardless of whether youre ready could use a change

- none
- Use less orthotics and treat the actual problem
- nonoe
- none
- I got the impression that the attendings didnt care much to teach the students
- Attending and residents need to be more available to students
- More interaction with attending to facilitate patient care
- a little more teaching from attendings and residents. Felt like free labor the entire month
- nothing
- None
- none
- fourth years need at least 5 days off during the month to visit other residency programs or study for externships.
- none
- more surgery
- Larger patient base
- no
- Narrow patient spectrum
- nice to see a surgery
- dr kimmel favor students based on physical appearence not brain function
- get chances to scrub in on surgery cases
- Better care for the vets.
- more attending exposure
- none
- None
- more exposure to surgery
- too many to describe here
- not enough time to learn because overloaded with patients
- none
- Spend more months at the VA!
- absolutely no oversight or teaching by the attendings
- too many patients scheduled per day
- needs to include OR time
- none
- treat patients
- attendings could be more attentive
- none
- Surgery exposure
- more patients
- variety
- attendings are disrespectful to students
- none
- none
- The attendings could get off their ___es and actually teach
- The director has a complete lack of professionalism. The residents and attendings do not participate in patient care enough. The students literalyl do the physicians jobs then get treated with little to no respect.
- none
- If you want to see surgery... just ask
- variety
- Surgical opportunities
- surgery
- all
- too many fourth years students on days where third years are in clinic
- none
- None

03. Which best describes the location of this practice or hospital site:

- Rural Area - 4%
- Small Town - 0.9%
- Small City - 20.1%
- Suburb - 4%
- Large City - 0%
- No Answer - 70.9%

Additional Costs & Activities

04. Please type in your answers to the questions below about activities and necessary items. (Note: 500 character maximum per question)

a. If there was free time on weekends from this program, what did you find to do?
    - same as during school
    - Mall movies
    - weekends are always free
    - went downtown or to coventry
    - I live here
    - your home so anything
    - no weekend responsibilities - free to do whatever
    - Local bars and sporting activities.
    - lived there
    - Played with my dog
    - Go home
    - went home
    - Lived at home
    - Study some more
    - at home
    - went home
    - Cleveland has some things to do
    - Its cleveland same thing we always do
    - cleveland activities
