- e. What aspects of this program need improvement and/or attention? Please make suggestions.
  - nothing
  - None
  - maybe some days with surgery exposure
  - not well organized
  - none
  - None
  - More time with reading radiographs
  - none
  - None.
  - no surgical anatomy cadavers left so we didnt get to do that portion. Very disappointing!!!
  - ⋄ none
  - surgical anatomy does not exist
  - none

- None
- none
- CPC time
- None
- Wish had this earlier in my rotation
- None
- none
- make it all radiology with osher best way of spending our time
- none
- more clinic hours
- Having the cadever lab would have been nice
- none
- the clinic options for this rotation need more patient variety
- need to spend more time with instructor
- Some group members get to work one day while others work four days Not fair
- UH PORTION
- Need better clinical experience. MRICTBone scan would be a nice addition to Dr. Oshers lectures
- a little more organization of bone tumors to review
- Disagree with helping Dr.Caldwell on Fridays at Nursing home not effective learning.
- none
- More CPCs with Dr. Osher
- none
- surgical candidates
- None
- everything else besides Dr. Osher part esp the part where you have to do free work for Dr. Caldwell for his private concordia patients
- NONE
- None
- Dr. Haywood should be fired. Community medicine at UH was a waist of my time and felt bad for the patients. The care is horrible!
- more handouts
- experience about caring nursing home patients
- none
- Rotation at VA with Dr. Lembach waste of time and gas
- none
- Lorain VA does not need 2 students at it.
- none
- schedule communication
- more time with Dr. Osher and read more radiographs
- none
- surgical cases
- NONW
- reading more MRICT
- o none that i can think of at the moment
- None
- More time with Dr. Osher
- Less nail cutting can only do it so many ways.
- none
- VA rotation with Dr. Lembach is not really worth it.
- none
- you dont see many patients in Lorain with Dr. Lembach
- we should learn tumors in class time or another rotation and use this month as an extra externship month
- Pace of seeing patients
- none
- ۰ -
- ⋄ none
- more time in radiology
- none
- Site needs more supplies for care of patients at UH
- More Ankle Radiology
- better teaching
- none
- 3rd years should be doing the nail cutting with Dr. caldwell
- none

- clinic hours are run inefficiently
- none
- None
- none
- more MRI
- need to see more diversity at the clinic clinic consisted mostly of clipping toe nails
- not enough radiology. The program lacks a definitive theme. It should be replaced with a full-senior radiology rotation.
- none
- none
- none
- Need supplies at the clinic at main campus and better parking
- More time in radiology
- more time to study bone tumors
- too much basic care
- none
- more sessions with Dr. Osher
- more time
- none
- None
- none
- PARKING PERMITS FOR UH!!
- More diversity in patients and PARKING FEES
- None
- ⋄ none
- None
- none Dr. Osher is perfect
- Need to integrate MRI readingskills into the rotation
- more time with Osher for ancillary modalities ecsp MRI
- more radiology review
- none
- nothing
- more structure
- instruction methods
- none
- 3
- More time should be spent with Dr. Osher
- More radiology... work something out with an area hospital i.e. Cleveland Clinic where we can read x-rays
   MRI and CT scans all day. it takes pracatice practice practice...
- none
- MRI and CT scans
- none
- more pediatric
- orginization
- More patients and notes should be logged on the computer not by hand
- UH clinic and Haywood
- not very structured sort of all over the place
- more organization
- none
- I would like more information in regards to MRI. This has been asked of us at rotations.
- spent too much time on bone tumors and not enough on the other stuff
- none osher is the man
- required rotation
- X
- Clinic responsibilities-there is too much driving involved
- UH clinic. Felt patients there were not getting best treatment
- o pass and move on all that matters
- condense month so we have time to visit residency programs. Could be shortened to 2 weeks
- everything
- Too much free time
- the entire rotation is useless... let us go to a clerkship where we can actually learn
- well done
- None
- needs more focus on normal anatomy. Too much focus on tumors
- o none

- v 110110
- none
- too short, this rotation is beneficial in all aspect of podiatry and on externships.
- none
- Some of the clinics attended were absolutely worthless
- none
- more radiographs
- none
- none
- None
- Dr. Osher should review how to read MRIs as well.
- none
- read more radiographs
- none
- nothing
- more exposure to surgery
- Greater time spent with radiology than clinical environment.
- none
- o more internal med less brecksville va
- none
- None
- Need more time reviewing radiographs with Dr. Osher
- none
- There should be much more time spent learning instead of cutting toenails
- We only met with Osher 3 days the whole month....
- More clinical opportunities Meeting with Osher were not very helpful
- This program should be longer like maybe 2 months of this jazz. Im being frrealz.
- none
- None. Laid back and easy rotation
- None
- more radiographs
- dr osher should have a syllabus
- better organization
- More organization would help
- o no need for all of the random clinical rotations
- More time with Osher and less at nearby clinics
- more time with osher
- ○
- None
- teaching something...too much time off
- time management
- none
- none
- more time with dr osher and less time in the schools clinics
- would go to clinic and have no patients
- More time with Osher
- More time in the CPC with Dr. Osher
- ∘ none
- Hours
- The pointless clinics
- Clinic experience
- none
- schedule
- NO
- none
- more description of regular encountered situation instead of just bone tumor
- ⋄ none
- none
- More time with Dr. Osher less time in clinic doing nothing
- surgery better exploitation of time spent there more attending involvement with students and teaching opportunities
- how to read normal
- None
- none
- Spend more time with Dr. Osher. He has so much knowledge and we could all benefit from learning from him

- too many to describe here
- not enoughh time spent in the radiology portion
- more time with osher
- Let us spend more time with Dr. Osher.
- More set in stone schedule
- o meet more times with Dr Osher
- none
- on time
- none
- more time doing radiology--less time on ohter things
- more opportunity to take radiographs
- none
- Need more time with Dr. Osher
- none
- more on learning radio than clinic
- Everything except the radio portion.
- More time with Dr. Osher
- More clinicsurgery time. It was very laid back.
- more patients
- Dr. Osher is great. wish he would concentrate more on MRIs.
- none... more time with osher
- schedule is inconsistant
- Clinic is a joke as always
- students could be taught how to read MRIs and CT scan
- this rotation should be longer and more required of the students
- o need to read more radiographsmri
- ⋄ none
- o definite schedule
- o more time with Dr. Osher less time in clinic
- none
- more mri
- not so much on bone tumors
- none
- Dr. Osher was extremely helpful
- Working out scheduling
- school clinics
- be patient pop when in clinic
- too many fourth year students in clinic who could use a day off to study instead
- More clinical exposure on clinic days
- clinical experience

## Hour & Patient Estimates

05. List the average number of hours you spent on the program each day of the week:

```
i. Monday
   6AM
   5PM hour(s).
ii. Tuesday
   6AM
   4PM hour(s).
iii. Wednesday
   5AM
   3PM hour(s).
iv. Thursday
   6AM
   4PM hour(s).
v. Friday
   4AM
   3PM hour(s).
```

| 9/2011 |                             | Community Medicine By Dr. Osher in Cl   |
