

**JOHN ALLAN CLARK
ENDOWED SCHOLARSHIP IN NATURAL RESOURCE
MANAGEMENT**

**AVAILABLE TO SENIOR MAJORS IN DEPARTMENTS OF
BIOLOGICAL SCIENCES, EARTH SCIENCES, AND GEOGRAPHY**

Provide contact information and a brief statement of your immediate and long-range career goals via email to Kelly Thomasson, kthomass@kent.edu, by March 15.

The John Allan Clark Scholarship was established through a generous gift from Mrs. Veronica Christman Clark.

John is remembered for his wit, his passionate commitment to enlightened fish and wildlife habitat management, a deep love for his adopted state, and his support for Special Olympics and other constructive programs for the disadvantaged.

John graduated from Kent State University in 1968, with a Bachelor of Science degree in Geology. He served four years in the U.S. Navy before attending the University of Pennsylvania, where he earned his Master's degree in Regional Planning. He married Veronica Christman in 1975 and, shortly thereafter, moved to Alaska where he established a career in natural resource management. In 1981, John joined the London School of Economics where he earned a Master's degree in economics. He returned to Juneau, Alaska, where he served as Director of Habitat Protection. After John died of cancer in March, 1985, the State Legislature of Alaska awarded him a citation for outstanding service.

Students who wish to pursue a career in natural resource management may choose a program of study in Biological Sciences, Earth Sciences, and Geography. Contact an advisor in the College of Arts & Sciences or in one of the departmental offices for further information and guidance.

The John Allan Clark Endowed Scholarship is awarded annually during Spring Semester. Recipients are selected by a committee of three representatives, one from each Biological Sciences, Earth Sciences, and Geography.
