

**Certified Athletic Trainer/Physical Therapist Assistant – two positions available**

Synergy Physical Therapy & Sports Medicine is a privately-owned outpatient physical therapy clinic that provides athletic training services to surrounding communities. Currently located in Charles City and Sheffield, Iowa with an additional site in Mason City and Huxley, Iowa to open soon. We pride ourselves on providing highly specialized care to patients of all ages. We offer a learning environment for current staff members and future therapists and trainers. Long term clinical rotations are available and may lead to a position with Synergy Physical Therapy & Sports Medicine contingent on completion of course work and certification in the State of Iowa as a licensed therapist/trainer.

As a certified athletic trainer/physical therapist assistant, your time will be spent in the clinic working one on one with patients (1/2time) and out in the field providing training at local sporting events (1/2time).

General duties of a PTA/ATC include but are not limited to:

- Progress patients through exercises
- Assist with Progress Notes and Treatment Plans
- Maintain a clean and organized work space
- Understand Payor Rules
- Update Physical Therapist of changes in patient status
- Provide detailed documentation
- Good communication skills between patients and staff members
- Athletic Training may be required evenings and weekends with participating school districts.
- Work directly with coaching staff, Athletic Directors, parents and athletes to develop programs and increase knowledge of strength training, nutrition and care and prevention of injuries.
