Study Abroad - South Africa
Field Course to South Africa: Johannesburg and Cape Town

Enter Amount to Pay:

This course is an adventure into South Africa, designed to introduce students to the South African flora and Cape floral kingdom (fynbos and Succulent Karoo). Students will learn how to apply modern field-observation techniques to generate and test problem-solving hypotheses.

This field experience course is ideal for undergraduate students who have taken introductory ecology or similar field-based course, and for graduate students interested in field-study techniques or teaching methods in ecology.
