**Study Abroad - South Africa**  
Field Course to South Africa: Johannesburg and Cape Town

Enter Amount to Pay:

This course is an adventure into South Africa, designed to introduce students to the South African savanna and Cape floral kingdom ( fynbos and Succulent Karoo). Students learn how to apply modern field-observation techniques to generate and test problem-solving hypotheses.

This field experience course is ideal for undergraduate students who have taken introductory ecology or similar field-based course, and for graduate students interested in field-study techniques or teaching methods in ecology.
