

Master of Education program in Early Childhood Education

Concentration: Globalization and Intercultural Competence

Are you working with international students and in search of research based solutions to learning and teaching? Build your intercultural competence to meet the demands of your district's growing or changing immigrant and refugee populations.

For those teaching in the early years or a related field and licensed PreK-3.

ECED International Baccalaureate Primary Years Programme Certificate in Teaching and Learning (embedded in the program)

Individualized Plan of Study

Endorsement options available:

(additional coursework may be required)

- ▶ Ohio K-12 Reading Endorsement
