Total Contact Hours: 45

Textbook(s) used in this course: None

Writing Expectations: Culminating action-research project; summary development and self-evaluation of professional portfolio.

Instructor(s) expected to teach: C. Symons

Instructor(s) contributing to content: C. Symons

Proposal Summary

Explain the purpose for this proposal:

The purpose of this proposal is to revise the corequisite to include either EDUC 49526 Student Teaching in Health and Physical Education or HED 42358 Student Teaching in Health Education. The statement, "Final semester of four." is also removed from the course description to bring current.

Explain how this proposal affects program requirements and students in your unit:

This revision will allow PEP HPE and SHED HPE students to register without requiring overrides. Because of recent curricular revisions to the dual HPE licensure, students are now required to take EDUC 49526 for their student teaching. However, SHED students are still required to take HED 42358. Both course are acceptable corequisites for this course.

Explain how this proposal affects courses, program requirements and student in other units:

Not applicable

Explain how this proposal affects enrollment and staffing:

Not applicable

Units consulted (other departments, programs or campuses affected by the proposal):

None
