| Proposal Summary | |
| Explain the purpose for this proposal: | |
| Introduce career management to Technical and Applied Studies students. When the Bachelor of Applied Studies (BAS) was originally approved, it was housed in the College of Education, Health and Human Services. The Cornerstone course (37900) and the Capstone course (47900) were developed by the Counseling program for use only in the BAS degree. As of the Fall 2011 catalog, the BAS was revised and is now the Bachelor of Technical and Applied Studies (BTAS) and is housed in the Regional College. These courses are only used in the BAS and the BTAS. The subject code, TAS, was provided as a Regional College code. We would like to house the courses in the Regional College. | |
