## **Ohio Educator Preparation Provider Performance Report**

### **Kent State University**

---

#### **Institution Profile**

(Data Source: Kent State University)

Kent State University's eight-campus system, among the largest regional systems in the country, serves both the development of a true living/learning approach at the Kent Campus and the regional needs on seven other campuses throughout Northeast Ohio.

Kent State is ranked among the nation's 77 public research universities demonstrating high-research activity by the Carnegie Foundation for the Advancement of Teaching.

#### **College of Education, Health, and Human Services**

The mission of the College of Education, Health, and Human Services (EHHS) is to create and advance knowledge as it educates professionals who enhance health and well-being and enable learning across the lifespan. We offer associate (regional campuses), baccalaureate, master's, and doctoral degrees to prepare professionals for the 21st century with the knowledge, skills, and dispositions to be leaders in their worlds of work and engaged citizens.

#### **Report Overview**

The Ohio Department of Higher Education gathers data annually from multiple sources to report the following performance metrics in the Educator Preparation Provider Performance Reports:

- Ohio Teacher Evaluation System Results for Ohio Teachers Prepared by an Ohio Educator Preparation Provider
- Ohio Principal Evaluation System Results for Ohio Principals Prepared by an Ohio Educator Preparation Provider
- Field and Clinical Experiences Required by Ohio Educator Preparation Provider Candidates
- Licensure Test Results for Ohio Educator Preparation Provider Program Completers
- Value-added Data for K-12 Students Taught by Ohio Teachers Prepared by an Ohio Educator Preparation Provider
- Demographic Information for Schools in Which Ohio Educator Preparation Provider-Prepared Teachers with Value-Added Data Serve
- Academic Measures Used to Inform Admissions Decisions at Ohio Educator Preparation Provider Programs
- Survey Results of Pre-Service Teacher Candidates Enrolled in Ohio Educator Preparation Provider Programs
- Survey Results of Ohio Resident Educators Who Were Prepared by Ohio Educator Preparation Providers
- Survey Results of Ohio Principal Interns Enrolled in Ohio Educator Preparation Provider Programs
- Survey Results of Mentors Serving Principal Interns Enrolled in Ohio Educator Preparation Provider Programs
- Ohio Educator Preparation Provider National Accreditation Status
- Persistence in the Ohio Resident Educator Program of Teachers Who Were Prepared by Ohio Educator Preparation Providers
- Ohio Educator Preparation Provider Excellence and Innovation Initiatives

## Ohio Educator Preparation Provider Performance Report

### Kent State University

---

#### Ohio Teacher Evaluation System (OTES) Results for Ohio Teachers Prepared by an Ohio Educator Preparation Provider at Kent State University

Reporting period from September 1, 2021 to August 31, 2022.

(Data Source: Ohio Department of Education)

#### Description of Data:

Ohio's system for evaluating teachers (Ohio's Teacher Evaluation System) provides educators with a detailed view of their performance, with a focus on specific strengths and opportunities for improvement. The system is research-based and designed to be transparent, fair, and adaptable to the specific contexts of Ohio's school districts. Furthermore, it builds on what educators know about the importance of ongoing assessment and feedback as a powerful vehicle to support improved practice. Teacher performance and student academic growth are the two key components of Ohio's evaluation system.

An apparent dip in evaluations for the most recent "Initial License Effective Year" cohort comes from the perception that any given year's evaluation results are actually a chronological view of evaluations. Rather, it's a view of the evaluations from that school year, showing four different cohorts of licensed educators. The most recently licensed cohort will eventually have more evaluation results in its second year as more educators find employment as teachers or principals.

#### Limitations of the Ohio Teacher Evaluation System (OTES) Data:

1. The information in the report is for those individuals receiving their licenses with effective years of 2018, 2019, 2020 and 2021.
2. The teacher evaluation data in this report are provided by the Ohio Department of Education.
3. Due to ORC 3333.041(B), annual results must be masked for institutions with fewer than 10 completers with OTES data.

**Ohio Principal Evaluation System (OPES) Results for Individuals  
Completing Principal Preparation Programs at Kent State University**

Reporting period from September 1, 2021 to August 31, 2022.  
(Data Source: Ohio Department of Education)

**Description of Data:**

Ohio's system for evaluating principals (Ohio's Principal Evaluation System) provides building leaders with a detailed view of their performance, with a focus on specific strengths and opportunities for improvement.

The Ohio Principal Evaluation System (OPES) data reported here are limited in that the information in the report is for those individuals receiving their licenses with effective years of 2017, 2018, 2019 and 2020.

An apparent dip in evaluations for the most recent "Initial License Effective Year" cohort comes from the perception that any given year's evaluation results are actually a chronological view of evaluations. Rather, it's a view of the evaluations from that school year, showing four different cohorts of licensed educators. The most recently licensed cohort will eventually have more evaluation results in its second year as more educators find employment as teachers or principals.

**Field and Clinical Experiences for Candidates at Kent State University**

Reporting period from September 1, 2021 to August 31, 2022.

(Data Source: Kent State University)

**Description of Data:**

Ohio requires that educator candidates complete field and clinical experiences in school settings as part of their preparation. These experiences include early and ongoing field-based opportunities and the culminating pre-service clinical experience commonly referred to as "student teaching." The specific requirements beyond the requisite statewide minimums for these placements vary by institution and by program. The information below is calculated based on data reported by Ohio Educator Preparation Providers.

Teacher Preparation Programs	
Field/Clinical Experience Element	Requirements
Require edTPA National Scoring from candidates in teacher preparation programs at the institution	Y
Minimum number of field/clinical hours required of candidates in teacher preparation programs at the institution	100
Maximum number of field/clinical hours required of candidates in teacher preparation programs at the institution	755
Average number of weeks required to teach full-time within the student teaching experience at the institution	15
Percentage of teacher candidates who satisfactorily completed student teaching	98.93%

Principal Preparation Programs	
Field/Clinical Experience Element	Requirements
Total number of field/clinical weeks required of principal candidates in internship	N/A
Number of candidates who started internship	N/A
Number of candidates who completed internship	N/A
Percentage of principal candidates who satisfactorily completed internship	N/A

**Value-Added Data for Students Taught by Teachers Prepared by  
Ohio Educator Preparation Providers at Kent State University**

Reporting period from September 1, 2021 to August 31, 2022.

**Description of Data:**

Ohio's value-added data system provides information on student academic gains. As a vital component of Ohio's accountability system, districts and educators have access to an extensive array of diagnostic data through the Education Value-Added Assessment System (EVAAS). Schools can demonstrate through value-added data that many of their students are achieving significant progress. Student growth measures also provide students and parents with evidence of the impact of their efforts. Educators and schools further use value-added data to inform instructional practices.

**Limitations of the Value-Added Data:**

1. The information in the report is for those individuals receiving their licenses with effective years of 2017, 2018, 2019 and 2020.
2. The value-added data in this report are those reported by Ohio's Education Value-Added Assessment System (EVAAS) based on Elementary and Middle School Tests (Grades 4-8) and End-of-Course Tests for high school credit.
3. For Educator Preparation Providers with fewer than 10 linked teachers or principals with value-added data, only the number (N) is reported.

**Description of Data:**

All educator preparation programs (EPPs) in Ohio are required to be accredited by either the National Council for Accreditation of Teacher Education (NCATE), the Teacher Education Accreditation Council (TEAC), or their successor agency, the Council for Accreditation of Educator Preparation (CAEP).

Accreditation is a mechanism to ensure the quality of an institution and its programs. The accreditation of an institution and/or program helps employers evaluate the professional preparation of job applicants.

#### Excellence and Innovation Initiatives

Reporting period from September 1, 2021 to August 31, 2022.  
(Data Source: Kent State University)

#### Description of Data:

This section reflects self-reported information from Ohio Educator Preparation Providers on a maximum of three initiatives geared to increase excellence and support innovation in the preparation of Ohio educators.

#### Teacher Preparation Programs

<b>Initiative:</b>	Adapted Physical Education Graduate Endorsement
<b>Purpose:</b>	Prepare KSU candidates to work with students with disabilities
<b>Goal:</b>	Better meet the needs of the disabled community in physical education contexts
<b>Strategy:</b>	The purpose of the adapted physical education (APE) endorsement is to train and allow in-service physical educators to determine placement (inclusion or one-on-one settings), offer effective instruction, and conduct assessment and evaluation for students with disabilities. Kent State University is one of only two programs actively providing this endorsement in the state of Ohio. This program, offered at the graduate level, is provided through two online courses (Introduction of APE and Practicum in APE). The nine required assessments are evaluated by the APE online course instructor and used by the State Department of Education to issue the APE endorsement. This program is making a significant impact as former students in Physical Education are now currently serving in leadership roles as APE coordinators and/or APE teachers within school districts. They also support community services as well (e.g., Special Olympics or other disability sport).
<b>Initiative:</b>	Int'l Baccalaureate - Early Childhood
<b>Purpose:</b>	Provide early childhood teacher education candidates the opportunity to earn the IB certificate in teaching and learning.
<b>Strategy:</b>	Kent State University's College of EHHS has been approved to award graduate credit for the International Baccalaureate (IB) Organization's professional development seminars worldwide. Additionally, all KSU Early Childhood undergraduate completers, as well as graduate students who complete initial licensure in ECED are eligible for an International Baccalaureate Certificate in Teaching and Learning, which is awarded by the IB Organization. Early Childhood students are eligible for the Primary Years Program Certificate. With this certificate, students are eligible to teach in IB World Schools in the US and throughout the world. KSU's Early Childhood program was the first in the world to achieve this recognition and is only one of a few programs in the world to offer this credential.
<b>Initiative:</b>	KSU Tutoring Program
<b>Purpose:</b>	Provide early childhood teacher education candidates the opportunity to earn the IB certificate in teaching and learning.

<b>Goal:</b>	To support and sustain high-dosage tutoring for more than 120 middle school and high school students for two years (240 total) in the areas of math and language arts.
<b>Number of Participants:</b>	300
<b>Strategy:</b>	With long-established partnerships with high-need schools, Kent State University's mathematics and English language arts education programs are poised to support and sustain high-dosage tutoring for more than 120 children for two years (240 total). Because of the significant gap in learning generated by COVID, the KSU Math and Literacy Centers will partner with Ravenna and Barberton Middle Schools where approximately 30-40 preservice tutors will participate in three tutoring sessions per week for students in grades 5-8. Additionally, tutors will engage in a post-tutoring planning and assessment period each week to analyze tutoring practices. The primary goals of the KSU Tutoring Program are to offer support that increases student achievement in math and English language arts while increasing students' self-efficacy of their abilities in mathematics and literacy. (Participants: 240 middle and high school students; 60 preservice teachers from Kent State University).
