Notes

- Students have 6 years to complete the M.Ed. Graduate students who require an extension will complete the request for time extension form which can be accessed here: <https://www.kent.edu/ehhs/ogs/forms> The extension may be denied resulting in dismissal of the student, or the extension may be granted with qualification.
- The minimum number of graduate hours required for a master's degree is **32** and include prescribed courses associated with research, foundations, and the appropriate option (thesis or non-thesis). Although hours required for licensure, endorsement, or certification may count toward a master's degree, the master's degree must include the prescribed courses as indicated on this page.
- No more than 12 graduate hours (if approved by your advisor **and** that meet the currency and grade requirements) may be **transferred** from another institution **and/or from a non-degree program even if at KSU**. Additionally, only **4** hours of graduate **workshop credit**, if approved by your advisor and that meet the currency and grade requirements, may apply towards your master's degree and these hours would be counted in the maximum of 12 graduate hours outlined in the previous sentence.
- Generally, **application for graduation** is required the first Friday of the semester you plan to graduate. It is your responsibility to submit the application to the Office of Graduate Student Services by the due date. No reminder is provided. You can learn more here: <https://www.kent.edu/registrar/application-graduation-deadlines>
