

Special Education Deaf Education Licensure Preparation – INITIAL (Non-Degree)

The Deaf Education licensure preparation - INITIAL program prepares individuals with a bachelor's degree to obtain a teaching license in Special Deaf Education (Ohio Intervention Specialist). Completion of the coursework is a prerequisite to being recommended by Kent State University for licensure; licenses are granted by the Ohio Department of Education.

Please be advised that the Plan of Study (this form) should be completed and submitted to the Graduate Student Office in 418 White Hall no later than the end of the second semester of coursework in the program. Registration will be blocked at the end of the second semester until a plan of study has been submitted. Licensure coursework and field-based experiences are prescribed based on the program approved for KSU by the Ohio Department of Education (ODE). Previous coursework may be considered if appropriate and current. **If you are interested in a master's degree from KSU, you must be fully admitted into the program and complete the prescribed coursework on the master's degree plan of study in addition to courses that are prescribed here for licensure.**

Notes

1. The Special Education Deaf Education licensure ensures professionals are equipped to teach the range of ages in grades PreK-12. Therefore, your licensure program must meet the requirements **across the curriculum areas**, which typically includes methods courses in reading/language arts, social studies/science and math. **Your program should include such courses if you have not previously completed them.** Additionally, the Ohio licensure programs require professionals to complete **12 hours of reading instruction, 3 of which must emphasize phonics instruction.**
2. If your program includes a **practicum** and/or **student teaching**, you must meet with your faculty advisor and apply with the Office of Clinical Experiences in 304 White Hall **one year in advance.**
3. **Licensure Requirement (not required for graduation):**
Candidates seeking Ohio licensure are required to pass specific assessments in order to apply for licensure. Students should consult their advisors for specific program requirements and refer to the See [Ohio Department of Education-Educator Preparation](#) website for more information on assessments specific to licensure type.
4. All course work for licensure must be completed prior to student teaching.
