What is GPS?

The Graduation Planning System is designed to provide you with an easy to understand, clearly defined pathway toward degree completion. It consists of four parts: Roadmaps (semester plans), Degree Audit (official graduation requirements), Individualized Degree Plan (each student's approved plan of study defined by semester), and Tracking (coming in the near future). This document will focus on the Degree Audit and Individualized Degree Plan.

Note: GPS is for undergraduate students in catalog years 2010 and beyond.

Roadmaps:

Kent State's degree program Roadmaps are available on the Kent State homepage, or from within the FlashLine portal. They are available in PDF format and can be printed. Once you have been admitted into a program of study, you will be able to create an Individualized Degree Plan that is based upon the Roadmap.

Degree Audit:

GPS includes a degree audit which is a summary of your degree requirements merged with your academic record which will provide a real-time assessment of your progress toward graduation. The audit is organized in blocks of like requirements. Examples include the Kent Core block, major block, university requirements block. The Degree Audit is the official list of all requirements for graduation.

Individualized Degree Plan:

You will create a Degree Plan that begins with the requirements in the Degree Audit, organized in a Roadmap format, but tailored to your unique situation. For example, if you have transferred to Kent State or have post-secondary or AP credit, this will be accounted for in the Degree Audit and only remaining unmet requirements (courses) will be reflected in your individualized Degree Plan. The Degree Plan can be adjusted to fit your needs, including shortening your time to graduation, adding summer terms, or expanding your program length to accommodate a work schedule or family responsibilities. Once approved, your Degree Plan is the path you will follow to graduation.

Tutorials: A series of tutorials for the GPS Audit and Plan are available at <http://www.kent.edu/gps/plan/students.cfm>

Accessing GPS

You will access GPS through FlashLine, choosing the Student Tools & Courses tab. In the middle column, in the Graduation Planning System (GPS) area, choose “Degree Audit and Plan.”

GPS Functionality	Description
GPS AUDITS TAB	
1. Student View (default)	Provides general information about your complete and incomplete requirements, grouped into logical blocks (sections).
2. Registration Checklist	Shows only the unfulfilled requirements that are “Still Needed” on the audit
3. What If	Provides a view of a degree audit for a proposed new program of study using your current class history. This is helpful for change of program planning.
4. Look Ahead	Provides the ability to list courses that <i>may</i> be taken in the future to see their effect on your audit.
5. Class History Link	Shows chronological list of all course work on your academic record.
PLANNER TAB	See Section 2: Planner for additional functionality
1. Planner	Used by you and advisor(s) to create and view Degree Plans.
NOTES TAB	
1. View Notes	Provides a view of all of the notes entered in your audit. The Notes can also be viewed at the end of the audit.
GPA CALC TAB	
Graduation Calculator	This can be used to give you a general view of the average GPA needed throughout your final credits to achieve your desired GPA.
Advice Calculator	This can be used to figure out how you can impact your GPA using actual grades as advice. It is more specific than the graduation calculator.

Using GPS: An Overview

Section 1: GPS Audits

What is a Degree Audit?

GPS includes a degree audit which is a summary of your degree requirements merged with your academic record, which will provide a real-time assessment of your progress toward graduation. The audit is organized in blocks of like requirements. Examples include the Kent Core block, major block and university requirements block. The Degree Audit is the official list of all requirements for graduation.

A. Student Context Information: The Context information includes the following: Your KSU ID, Name, Degree, Major, Class Level and Last Audit.

- If you have multiple degrees, the Degree dropdown box will display all of the degrees.
- If you have multiple majors within the same degree, all majors will be reflected in the audit for that degree.
- *Class History* provides a term-by-term summary of all of your course work.
- The *Last Audit* date is the most recent date on which the audit was run for the chosen program. This updates each time the “Process New” button is pressed.
- When running the Audit, you should always click the “Process New” button

HOW TO CALCULATE HOURS TO DEGREE USING THE GPS AUDIT

In order to properly calculate the hours that count toward completion of your degree, follow these steps:

1. Begin with Earned Hours on the Audit

Earned Hours	113
--------------	-----

2. Deduct all hours in the "Ineligible" block

Ineligible - Limit Exceeded				Credits Applied: 3	
MATH 10022	CORE MATHEMATICS II	Maximum number of classes exceeded -	A-	2	Spring 2011
MATH 10031	FUNDAMENTAL MATHEMATICS I	Maximum number of classes exceeded -	A-	1	Fall 2008

This is the total of all completed and eligible hours that count toward graduation. In this example those hours are $113 - 3 = 110$.

3. If you want to include hours registered + hours that are IP, IN, NR in the calculation of hours to degree, simply add the hours indicated in the "In-Progress" block. The total is displayed in this block.

In-progress				Credits Applied: 12	
COMM 30000	COMMUNICATION RESEARCH METHODS	IN	3	3	Spring 2012
COMM 35860	INTERVIEWING	IN	3	3	Spring 2012
MATH 11008	EXPLORATIONS MODERN MATH	REG	3	3	Fall 2012
PHIL 21002	INTRODUCTION TO FORMAL LOGIC	REG	3	3	Fall 2012

This student has 110 (Hours to Degree) + 12 (Credits Applied in "In-Progress") to equal 122 Hours to Degree that include registered, IN, IP, NR grades.

Hours to Degree	122

Disclaimer
This GPS audit should be used for planning the completion of your degree. It reflects your current term enrollment and future term registration. Please contact your advisor if you have any questions.
Your Plan is provided as a tool to guide you to your degree goal. The official status of your degree requirements will be determined by your degree audit, not your degree plan.
For all baccalaureate degrees an application for graduation must be submitted through Flashline by the following deadlines: December graduation - preceding March 15 May graduation - preceding September 15 August graduation - preceding December 15
For all other degree programs refer to the "Application for Graduation Processing Dates" page on the University Registrar's website.

- C. What If Audits:** Running a What If audit will display the results when a proposed program change is considered, using your current class history. Select the *What If* criteria for the scenario to be examined, then click the Process What-If button to view the results of the audit. **NOTE:** You must choose the college that is associated with the major to ensure that all requirements will appear correctly. If you are not sure of the college, you can verify that on the Explore Majors and Degrees web page at www.kent.edu/gps.

Section 2: Using the Degree Planner

See tutorials at www.kent.edu/gps/plan/students.cfm

What is a Degree Plan? A Degree Plan is your path to graduation that begins with the requirements in the Degree Audit, organized in a semester by semester format, and is tailored for your unique situation. The Plan can be adjusted to fit your needs, including shortening or lengthening your time to graduation, depending upon your individual circumstances. Once approved, the Degree Plan is what you will follow to graduation.

Who gets a Plan?

- All undergraduate students, except those in a non-degree program, will have a Degree Plan.
- Plans can only be worked on with an advisor's assistance.
