The following includes steps on how to access the webinars on different types of devices and browsers:
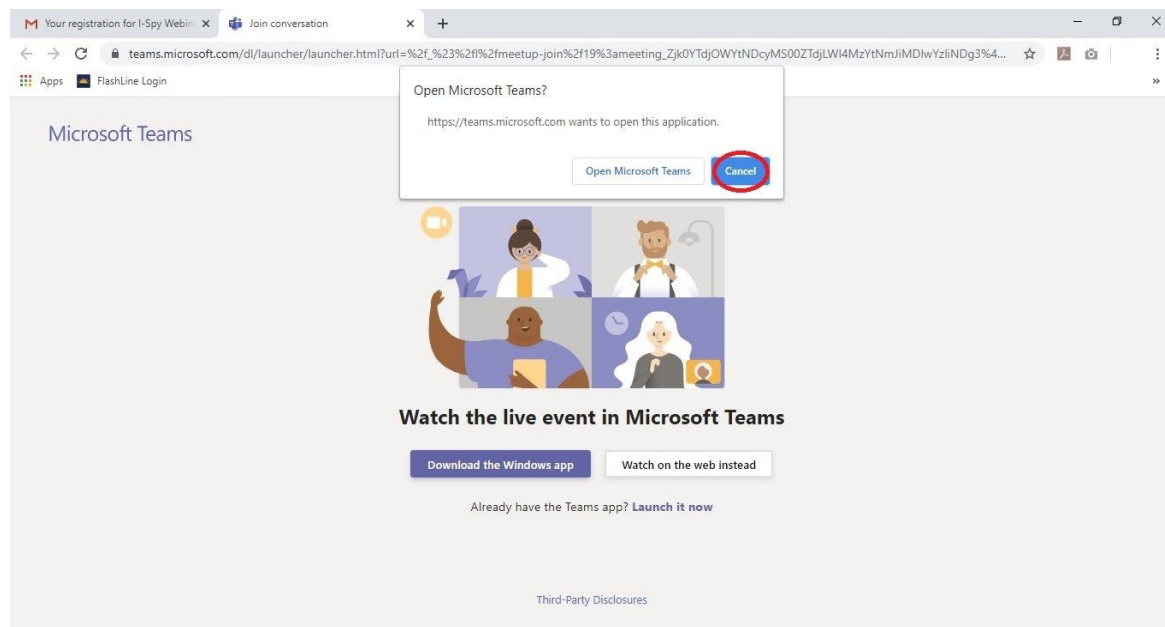

Apply Mac and/or Windows PC and Laptops using Google Chrome:
*Webinars do not seem to work on Safari search engines on PC and laptops
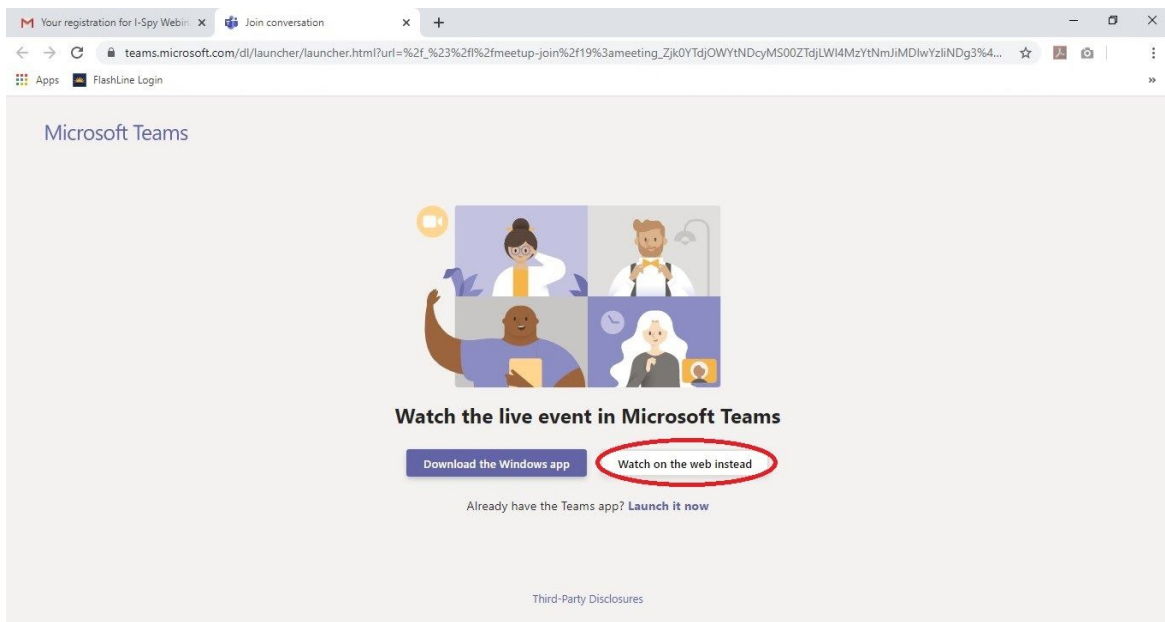

Step 1: ***Click on the link of the webinar you'd like to join***.
- For those who did register, the webinar link can be found in one of the several email notifications you should have received from Emily Nelson or kent-klaurene@learningstream.com
- For those who did not register or those who are having trouble finding the webinar link, the webinar links can be found on the MHSU website at https://www.kent.edu/MHAT
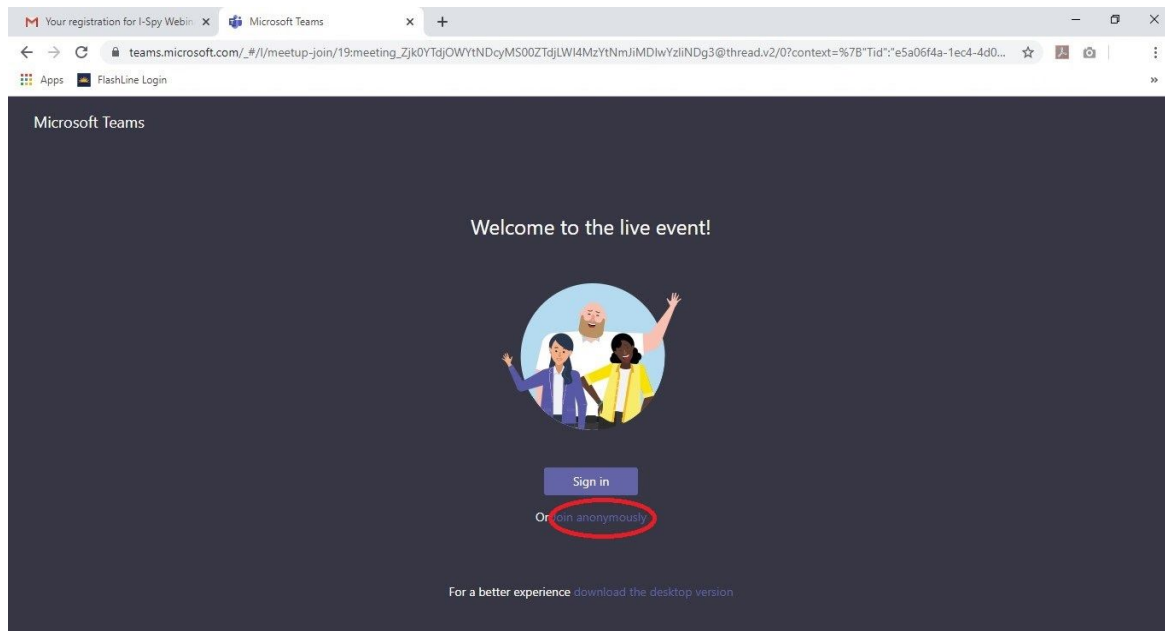

Step 2: If you don't have (or wish to use) a Microsoft Teams account or the Microsoft Teams app, ***click cancel***.

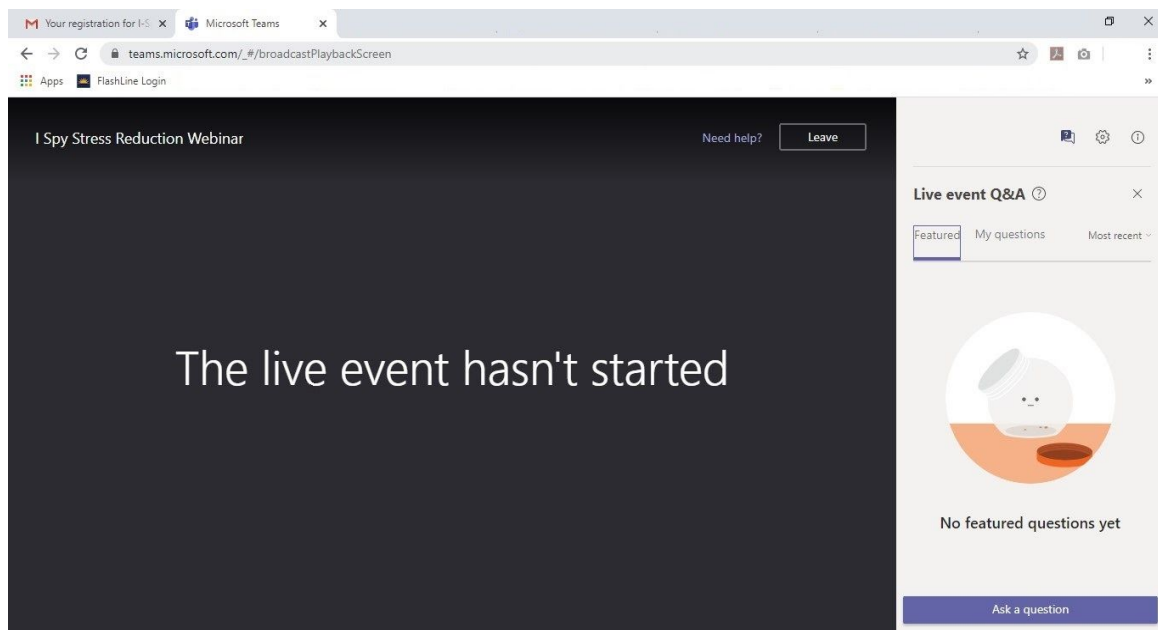

Step 3: If you do not have (or wish to use) the Windows app, ***click watch on the web***.

Step 4: If you can't (or don't want to) use Microsoft Teams or the Microsoft Teams app to sign in, *click join anonymously*.

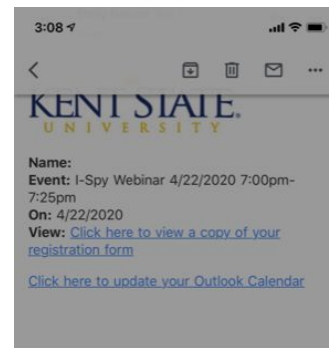

Step 5: *Enjoy the webinar.*

Step 1: ***Download the Microsoft Teams app in the app store***. Note: You ***do not have*** to have a Microsoft Teams account to download the Microsoft Teams app. In the Microsoft Teams app, you ***do not have*** to put in any sign-in information and you ***do not have*** to sign up for free in the Microsoft Teams app to access the webinars. All you need is the app downloaded and enabled, then follow the steps below:

Step 2: ***Click on the link of the webinar you'd like to join***.
- For those who did register, the webinar link can be found in one of the several email notifications you should have received from Emily   Nelson or kent-klaurene@learningstream.com
- For those who did not register or those who are having   trouble finding webinar link, the webinar links can be found on   the MHSU website at https://www.kent.edu/MHAT

Step 3: ***Open your preferred search engine.*** →

Step 4: ***Click open this page in "Teams" (Microsoft Teams app).***   →

Step 5: If you can't (or don't want to) use a Microsoft Teams account to sign in, ***click join as a guest.*** →

Step 6: ***Type in a name you'd like to use for the webinar.*** *If you wish to remain anonymous, type in the name box the word, guest.* ***Click join meeting.*** Note: You may have to tap "join meeting" several times to join the event. Loading times may be affected by WiFi access. →

Step 8: *Enjoy the webinar.* →
