## **Undergrad Mentee Event**

## Undergraduate MDC members were invited to attend an event to learn more about forensic and social justice Psychology!

The MDC Mentorship Program welcomed Megan Whitman and Jordan Hall from Dr. Ben-Porath's lab in a discussion of forensic and social justice psychology. Students explored the different career options in the forensic setting, learned about the MMPI, and discussed how psychological assessment is used across fields. Students can access the video of this discussion and all other discussions (including social work, counseling, and doctoral programs in psychology) on our <u>google drive</u>.

## **Taste of Diversity 2021**

MDC mentees and mentors and Psychology faculty had a blast discussing ethnic cuisines and sharing recipes, gratitudes, weird college dishes, and playing Never Have I Ever Thanksgiving/Fall edition. Special thanks to all attendees and their

## Honoring November as Native American Heritage Month

Since 1990, November has been recognized as Native American Heritage Month in efforts to celebrate the significant contributions that the first Americans have made to the establishment and growth of the United States. Additionally, this commemorative month provides Native Americans the opportunity to share their history, culture, and traditions at a national level.

Join the SMC and Native American Student Association for a celebration of Native American Heritage Month with food, drumming, and indigenous history through story telling, on November 22, 2021, at the Kent State Student Center SMC Lounge in room KSC 206 from 5:30pm - 7:30pm.

Join the Cuyahoga County Public Library for an in-depth presentation on the history of Indigenous peoples in Ohio. We'll look at the cultural differences, interactions with each other and the settlers, treaties and more on November 20, 2021 via Zoom from 7:00pm - 8:00pm. Visit <u>https://attend.cuyahogalibrary.org/event/5129971</u> for the Zoom link.
