

Curriculum Vitae
Douglas L Delahanty
October 2022

EDUCATION

1994-1997	University of Pittsburgh, Pittsburgh, PA. Ph.D., Health Psychology.
1992-1994	Uniformed Services University of the Health Sciences, Bethesda, MD. M.S., Medical Psychology.
1988-1992	Luther College, Decorah, IA. Honors B.A., Psychology and Biology.

POSITIONS HELD

2021-present	Interim Vice President for Research and Sponsored Programs
2021-present	President and CEO, Kent State University Research Corporation
2019-present	APLU Council on Research (CoR) Leadership Fellowship Curriculum Coordinator
2017-2019	APLU Council on Research (CoR) Leadership Fellowship Recipient
2015-2021	Associate Vice President, Research Faculty Development, Kent State University
9/2018-present	Vice Chair, Human Subjects Review Board, Kent State University
2014-9/2018	Chair, Human Subjects Review Board, Kent State University
2011-2014	Vice Chair, Human Subjects Review Board, Kent State University

2009-2015	Director, Kent State Initiative for Clinical and Translational Research
2009-present	Medical Research Staff, Summa Health System
Summer 2009	Interim Chair, Department of Psychology, Kent State University
2007-present	Professor, Department of Psychology, Kent State University
2002-2007	Associate Professor, Department of Psychology, Kent State University
2002-2009	Faculty Fellow, Center for the Treatment and Study of Traumatic Stress, Summa Health System
2003-present	Adjunct Associate Professor of Psychology in Psychiatry, Northeast Ohio Universities College of Medicine
1997-2002	Assistant Professor, Department of Psychology, Kent State University
1995-1997	Teaching Fellow, Department of Psychology, University of Pittsburgh
1994-1997	Supervisor, Behavioral Medicine and Oncology Psychoneuroimmunology Laboratory

HONORS AND AWARDS

Kent State University Outstanding Research and Scholar Award, 4/2015

ISTSS Distinguished Mentorship Award, 11/2010

Grand Rounds Presentation, “Psychobiology of Posttraumatic Stress Disorder Across the Lifespan”, Portage Path Behavioral Health Center, 10/2010.

Grand Rounds Presentation, “Psychobiology of Posttraumatic Stress Disorder Across the Lifespan”, Summa Health System Department of Psychiatry, 11/2009.

Grand Rounds Presentation, “Psychophysiological predictors and correlates of PTSD”, Case Western Reserve University, 2/2005.

Grand Rounds Presentation, “Psychophysiological predictors and correlates of PTSD”, Summa Health System Department of Psychiatry, 11/2002.

Graduated cum laude, Luther College, 1992

Weisberg-Colavita Award for Excellence in Biological/Health Psychology Research,
University of Pittsburgh Department of Psychology, 1996

LEADERSHIP ACTIVITIES

Interim Vice President for Research and Sponsored Programs (May 2021-present), Kent State University

Responsibilities:

Lead the offices of Research Administration/Technology Transfer, Student Research, Sponsored Programs, Research Development, and Research Compliance. Oversee the Research Institutes and Initiatives. Develop, coordinate, plan and provide leadership for programs and professional activities housed in Research and Sponsored Programs. Provide leadership for strategic planning for research, outreach, and sponsored programs' development. Oversee the development and implementation of a University plan for the acquisition of extramural funds in support of research, instruction, service and outreach. Identify priorities and resource needs of the University's research and creative activity efforts and work with the President and/or Provost to address these priorities. Oversee personnel administration and appropriate professional development for the unit with a strong commitment to diversity, equity, inclusion, and belonging. Facilitate community and University collaboration on technology transfer, outreach, and regional and statewide economic development. Represent the unit at all appropriate bodies, committees, and councils of Kent State University, including cabinet, the Educational Policies Council and Faculty Senate. Serve as an administrative liaison for the Academic Excellence and Student Success Committee of the Board of Trustees. Uphold and enforce all university regulations, policies, and procedures and all governmental regulations that impinge upon the university's research mission.

Key Accomplishments:

Achieved a Carnegie Classification rating of R1 (very high research activity) for the first time for Kent State University. Led strategic planning efforts geared toward maintaining R1 status: identified improved and efficient ways to count data involved in R1 criteria, increased efficiency in identifying and tracking research resources, funded a post-doctoral scholar program to support faculty grant success. Oversaw Higher Education Research and Development (HERD) reporting process that resulted in a move of Kent State into the top 200 on the HERD report. Implemented an Arts and Humanities Faculty Fellowship program to improve communication with, and ensure full responsivity to, faculty from these disciplines. Addressed the following key priorities: 1. Supporting research and scholarship in the post-pandemic world - have safely moved to a complete return to research activities; 2. Collaborating with university leadership to ensure financial sustainability of RASP programming and Institutes – successfully negotiated base-budget funding for research institutes, student research programming, and R1 retention efforts; and 3. Addressing misaligned policies/procedures that serve as a barrier to the research enterprise – currently updating policies on centers/institutes, postdoctoral fellows, and visiting scholars; have also addressed laborious policies regarding subject payment, vendor-vetting, and independent contractors. Established three additional

research institutes (Healthy Communities, Environmental Science and Design, and Anti-Racism and Equity). Developed an Office of Research Development to increase success rates of submitted proposals and increase external funding and expenditures. Brought in two external review groups to 1. Provide insight into the best way to staff the Office of Research Development for success; and 2. Identify efficiencies and ways in which KSU deviates from best practices throughout the entire process of research administration. Oversaw RASP's commitment to diversity, equity, inclusion and belonging and development of a division-wide comprehensive DEI&B strategic plan. Centralized oversight of all institutional-level pilot funding to ensure appropriate tracking and identification of return on investments. Flexibly and successfully incorporated telecommuting options for RASP personnel, increasing staff wellness and countering potential loss of staff. Established a Faculty Advisory Committee. Established/strengthened collaboration with corporate engagement and government and community relations, allowing us to be quickly responsive to academic-industry opportunities.

President and CEO, Kent State University Research Corporation (May 2021-present), Kent State University

Responsibilities:

Oversee an independent, non-profit organization, established to provide direct support for the research and technology commercialization efforts at Kent State University. Expand KSU's ability to avail itself of sponsored research and technology commercialization transactions that, although consistent with the university's research and scholarship mission, are not available to the university due to its limitations as a state institution. Manage research tenants at Centennial Research Park.

Key Accomplishments:

Moved management of Centennial Research Park property and tenants from an external management group to the KSU Research Corporation (KSURC), increasing efficiencies, providing greater flexibility, and creating a revenue stream to support entrepreneurial efforts of KSU faculty. Negotiated licensing close-out agreements and revised rental agreements with tenants.

Associate Vice President for Research, Faculty Development (2015-2021), Kent State University

Responsibilities:

Oversee all faculty development programming. Work closely with faculty to 1. Recognize research strengths at Kent State; 2. Overcome barriers to bringing together multidisciplinary faculty; and 3. Catalyze groups to submit competitive multidisciplinary research grants. Assist in overseeing research compliance issues. Provide and arrange mentoring for new faculty members which includes developing and overseeing workshop series. Oversee collaborative research agreements with current local medical centers and facilitate the extension to additional local/regional partners. Facilitate meetings to identify key research questions in specific research areas and how these questions can be addressed by a team of KSU faculty, and how any barriers to submitting a grant proposal

can be addressed. Provide evaluations regarding return on investment of current programs and recommendations regarding the continuation of the programs. Identify existing researchers with substantial grant reviewing experience; utilize this group to review proposals for applicants prior to submission. Oversee a program designed to provide external expert review of proposals prior to submission. Represent the Vice President for Research and Sponsored Programs when necessary. Serve on division and University committees; represent division at appropriate University bodies, committees, councils, etc.

Key Accomplishments:

Faced with stay-at-home orders and a shutdown of all but essential research functions due to the COVID pandemic, led a committee of 17 researchers/scholars to develop a phased approach to returning to research labs/studios while keeping the entire KSU family safe. Led multiple information gathering sessions, proposed, defended, and received permission to create five research institutes. Centralized student travel support, large-scale programming and celebrations and developed the Office of Student Research in RASP. Developed the Faculty Research and Innovation Forum Series, a twice-a-semester presentation by three faculty scholars. Launched the Summer Undergraduate Research Experience (SURE) program, providing students with an intensive 8-week residential research experience working one-on-one with the faculty member. Centralized and expanded all research communications by partnering with the School of Media and Journalism, providing opportunities to Journalism students and demonstrating a four-fold increase in numbers of research stories created. Hosted multiple workshops on NIH and NSF funding, foreign threats to the research enterprise, and the impact of COVID on research activities.

Director, Initiative for Clinical and Translational Research (2009-2015), Kent State University

Responsibilities:

Solidify and extend existing relationships between Kent State University and local medical centers. Provide pilot funding, intellectual support, and infrastructure support to teams of collaborators from KSU and local medical centers. As my role as director spanned four Vice Presidents for Research and Sponsored Programs, responsibilities shifted over time from broad-based expansion of translational research to a focus on public health to a shift in responsibilities much more consistent with the Associate VPR position. This led to my transition into the Associate VPR role in 2015.

Key Accomplishments:

Oversaw multiple pilot funding competitions; all with grant submissions as expected return on investment. Served to “matchmake” Kent faculty with individuals at local medical centers to establish inter-institutional research teams. Worked closely with research counterparts at local medical centers to co-fund and support research teams. Provided workshops to increase the quality of federal grant applications. Signed research agreements with Summa Health System, Akron Children’s Hospital, Akron General Hospital and Lerner Research Institute. Provided internal reviews of grant proposals.

Oversaw an internal competition in which 30 postdoctoral scholars were provided to KSU faculty from diverse disciplines. Created Third Thursday brownbags to address faculty questions regarding research. Identified and funded external expert review of proposals.

Interim Chair, Department of Psychology (summer 2009), Kent State University

Responsibilities:

Represent the department to the college and university, serving as the main channel of communication. Encourage and foster excellence in research and scholarship.

Key Accomplishments:

Successfully recruited a business manager. Was appointed Chair by the Dean at a time when a no-confidence vote in the prior chair divided the Department and ended decades long personal and professional relationships. Negotiated compromises, facilitated cross-divide communication, smoothed relationships and brought the department together to allow for a smooth transition to a permanent chair.

Chair, Coordinated Hire in Mental and Physical Health Consequences of Trauma and Adversity (2009-2010), Kent State University

Key accomplishments:

Wrote and was awarded an interdisciplinary coordinated hire proposal bringing six new faculty positions into the departments of Biological Sciences and Psychological Sciences. Oversaw all six faculty searches and successful hires.

ADDITIONAL ACTIVITIES

University-level

- Member, President's Strategic Roadmap Advisory Committee (2022-present)
- Co-Chair, Academic Affairs Strategic Planning Research and Creative Activities Subcommittee (2021-present)
- Lead, AAAS SEA Change implementation efforts to eliminate barriers to equity within the STEM fields (2022-present)
- Member, Anti-Racism Task Force, Education for our Faculty and Staff Subcommittee (2020-2021)
- Chair, Covid-Risk Mitigation Committee (2020-2021)
- Chair, Return to Research Committee (2020-2021)
- Co-Chair, Data Science/Data Analytics Committee (2020-2021)
- Member, Search Committee for Advanced Materials and Liquid Crystal Institute (AMLICI) Director (2019)
- Member, Center for Teaching and Learning Advisory Council (2019-present)
- Member, Research Advisory Committee (2015-2021)
- Member, Global Competitiveness Committee (2018-2019)
- Member, Graduate Student Engagement Committee (2018-2019)
- Member, Brain Health Research Institute Executive Committee (2018-2021)

- Member, President's Strategic Opportunities for Academic Reach and Success (SOARS) (2018-2019)
- Member, Search Committee for the President of Kent State University (2019)
- Member, Effectiveness and Efficiency Task Force (2015-2019)
- Member, Space Planning and Campus Environment (SPACE) Committee (2015-present)
- Member, Research Space Committee (2018-2019)
- Member, Faculty Retention Committee (2015-2018)
- Member, College of Public Health RPT committees (2015-2017)
- Member, Carnegie Community Engagement Task Force (2016-2017)
- Interim Director, Office of Student Research (2015-2016)
- Member, President's Strategic Vision Advisory Committee (SVAC 2015-2017)
- Co-Chair, Undergraduate Research and Creative Activities Symposium (2015-2019)
- Chair, Research and Creative Endeavors subcommittee of the Provost's Strategic Planning Committee (2012-2013)
- Member, Dean, College of Public Health Search Committee (2009)
- Chair, Human Subjects Review Board Policy Committee (2013-2018)
- Chair, Human Subjects Review Board (2014-2018)
- Vice Chair, Human Subjects Review Board (2011-2014)
- Member, Human Subjects Review Board (2005-2010)
- Member, College of Education, Health, and Human Sciences review committee (2006)

Additional departmental activities

- Psychology Chair review committee (2009)
- Reappointment, Promotion and Tenure Committee Member (2007-2021)
- Psychological Science Training Committee Member (formerly Experimental Training Committee, 1997-2021)
- Applied Psychology Center Advisory Committee (every eligible year, 1999-2019)
- Coordinator Health Psychology Training Group (1999-2009)
- Building Committee member (2002-2004)
- Clinical Health Faculty Search Committee member (2003, 2004)
- External
- APLU Council on Research (CoR) Leadership Fellowship Curriculum Coordinator (2019-present)
- Member and Lead, Northeast Ohio Public University Research Alliance (NEO PURA 2015-present)
- Member, Research Executive Council, Summa Health System (2012)
- Board Member, Hattie Larlham (2010-2012)
- Program deputy, International Society for Traumatic Stress Studies (2007-present)
- Member, Program Committee, American Psychosomatic Society (2007-2011)
- Member, Trauma Research Committee, Summa Health System (1998-2009)
- Member, Center for Treatment and Study of Traumatic Stress Advisory Committee, Summa Health System (2001-2009)

- Research coordinator, Center for the Treatment and Study of Traumatic Stress, Summa Health System (2001-2009)

GRANTS AND GRANT PROPOSALS

Current

Faculty Role: Principal Investigator

Agency: Conquer Chiari Foundation

Title: Does coaching effect the impact of online acceptance and commitment therapy for chronic pain in a sample of people with CM?

Amount: \$74,110

Duration: 1.5 years

Status: Funded 7/1/2022

Faculty Role: Co-Investigator

Agency: AHRQ – R18 HS 27261-01 (PI=Bayramzadeh)

Title: Towards a Model of Safety and Care for Trauma Room Design

Amount: \$2,470,000

Duration: Four years

Status: Funded 9/30/19

Faculty Role: Principal Investigator

Agency: NIMH – R15MH115337

Title: Emotion Processing Deficits and Risk for Impairment in Child Injury Victims

Amount: \$459,129

Duration: Three years

Status: Funded 8/8/18

Faculty Role: Co-Investigator

Agency: NIMH - R01MH113622-1 (PI=K. Coifman)

Title: Unpacking Emotion Inflexibility and Prospective Prediction of Affective Disease

Amount: \$2.65 million

Duration: Four years

Status: Funded 4/1/18

Completed

Faculty Role: Co- Investigator

Agency: Kulas Foundation

Title: Impact of Music Therapy Interventions on Maternal Stress in the Neonatal Intensive Care Unit

Amount: \$120,000

Duration: Three years

Status: Funded in Nov. 2017 but delay in start approved until 1/1/19

Faculty Role: Co-Investigator
Agency: Conquer Chiari Foundation
Title: Biomarkers of surgical success in females with Chiari Malformation Type 1
Amount: \$67,090
Duration: One year
Status: Funded 8/31/15

Faculty Role: Co-Investigator
Agency: NICHD – R03HD079509
Title: Biobehavioral influences on stress-induced eating in low-income adolescents
Amount: \$152,639.00
Duration: Two years
Status: Funded 6/1/14

Faculty Role: Co-Investigator
Agency: SAMHSA – 1H79TI024476
Title: Joint Adult Drug Court Enhancement Grant
Amount: \$1,275,000
Duration: Three years
Status: Funded 9/12/12

Faculty Role: Co-Investigator
Agency: NIMH – 1R01MH095767
Title: Treatment of PTSD in Residents of Battered Women's Shelters
Amount: \$1,972,083
Duration: Four years
Status: Funded 7/18/12

Faculty Role: Principal Investigator
Agency: Ohio Department of Public Safety – Emergency Medical Services
Title: Incidence of Acute Stress Disorder and Posttraumatic Stress Disorder in Child Traumatic Injury Patients and Their Families: A Family Systems Approach
Amount: \$81,445.00
Duration: One year
Status: Funded 7/12/13

Faculty Role: Co-Investigator
Agency: NIOSH – 1 R21 OH009909
Title: A Web-Based Program to Prevent Mental Health Risks in Medical Examiners
Amount: \$448,517
Duration: Two years
Status: Funded 9/1/10

Faculty Role: Co-Investigator
Agency: NIMH – 1R21MH086304
Title: Predicting PTSD risk in children after acute traumatic events
Amount: \$254,046 for first year

Duration: Two years
Status: Funded 8/13/09

Faculty Role: Principal Investigator
Agency: NIMH
Title: Psychophysiological Predictors of PTSD
Amount: Direct costs: \$875,000 Total: \$1,150,158
Duration: 4 years

Faculty Role: Principal Investigator
Agency: Ohio Board of Regents
Title: Psychophysiological predictors and correlates of PTSD in children: pilot
Amount: Direct costs: \$97,813
Duration: 2 years
Status: funded

Faculty Role: Principal Investigator
Agency: Ohio Board of Regents
Title: Prevention of PTSD with early cortisol treatment
Amount: Direct costs: \$44,250
Duration: 1 year

Faculty Role: Principal Investigator
Agency: NIMH
Title: Prevention of PTSD with early cortisol treatment
Amount: Total costs: \$539,879
Duration: 3 years

Faculty Role: Principal Investigator
Agency: NIMH
Title: Pilot intervention for PTSD, nonadherence and HIV risk
Amount: Total costs: \$591,052
Duration: 3 years

Faculty Role: Principal Investigator
Agency: Ohio Board of Regents
Title: Pilot intervention for PTSD, nonadherence and HIV risk: supplement
Amount: Direct costs: \$49,419
Duration: 2 year
