University Tutoring

2013-2014 Academic Year Report Summary

Of the 317 students surveyed...

- 99.4% stated that their tutoring experience was beneficial.
- 94.3% indicated that tutoring improved their belief that they can graduate.
- 85.7% asserted that tutoring plays an important role in their decision to remain at KSU.
- 100% declared that they would recommend the tutoring service at the ASC to their friends.

Student Feedback

- “My tutor was extremely knowledgeable in the subject. She was patient and clearly explained the lesson when I had questions.”
- “I have been visiting tutoring since my freshman year. Now I’m a junior and each class I have had help in, I passed.”
- “The overall services were extremely convenient to my schedule. With the experience I had this semester, I don’t know why this is my first time coming. If I have another course I will come back.”

Overall Course Grade Impact

Without Regular Tutoring
- 29.5% DFW Rate
- 70.5% ABC Rate

With Regular Tutoring
- 13.5% DFW Rate
- 86.5% ABC Rate

*Regular Tutoring defined as eight or more visits in one semester
