Fire Protection Designer
Posted 2/26/20

About Fire Foe
Established in 1978, Fire Foe is a full-service fire protection contractor serving Northeast Ohio, Western Pennsylvania and surrounding areas.

Job Description
- Design various types of automatic fire sprinkler systems using AutoSprink
- Sprinkler Designers are required to visit job sites and perform field surveys
- Interact with customers both on the phone and in person
- Oversee projects from start to finish
- Attend project management meetings to facilitate project completion

Qualifications/Skills
- Two to four-year Engineering Tech degree preferred
- Working knowledge of CAD software (preferably 3D)
- Ability to read and interpret architectural and mechanical engineering drawings/blueprints
- Fire sprinkler system design experience a plus but not required
- Strong desire to work in a team setting
- Effective communication skills both written and verbal are required
- Excellent work ethic and adherence to company policies
- Ability to work under pressure and meet deadlines

Job Type: Full-time
