International Student Activity Fee Funding Request

I. Overview
International Student and Scholar Services collects an International Student Activity Fee each semester to fund activities, events, programming, and other services to the international student population at Kent State University. In addition to organizing its own events, ISSS is able to partially or wholly fund activities initiated by other groups that meet the goals of the International Student Activity Fee.

II. Eligibility
1. Your organization has to be registered with the Center for Student Involvement. Please visit Center for Student Involvement for more information.
2. The event must be taking place at least a month from the date you submit your funding request.
3. The event must involve or benefit international students at Kent State in some capacity.

III. To Apply
Complete the Activity Fee Fund Request

NOTE: The deadline for requesting funding is one month before the proposed even is to take place (for example, a request for an even held on April 10 must be submitted by March 10). Submit a single request for all expenses associated with the same program/event. Your request will be reviewed by ISSS and you will be contacted with a decision within 10 business days.
