The Homepage provides you with a quick glance of your Active and Tracked funding opportunities, as well as a summary of recent activity.
Your Pivot Homepage

• The Pivot homepage is your dashboard or launchpad
  – Manage individual funding opportunities of interest
  – Access saved funding searches (and view and manage funding alerts)
  – Track who you shared opportunities with (or who shared opportunities with you)
The **Simple Search** interface is for basic searching. Entering free text in the text box will search all of the Funding Opportunities fields for your search criteria.
Search for a sponsor using the text box, or browse for one by clicking the type of sponsor and then clicking on a letter.
Advanced Search can be used for creating custom searches with a variety of search fields from which to choose.
This search will look for records that contain the terms “brain” or “cancer” in any field, records with a deadline within 90 days.
You can also limit your search results by using the **Exclusion Fields**. You can filter out information in which you are not interested.

**Your query details are here.**

By default, the results list is sorted by relevancy, but you can choose to sort by Grant Title, Sponsor, Deadline, or Amount. Click “Sort” to adjust the list accordingly.
Faceted search results take the results set from your search and break them down into groups according to key categories. This shows how many opportunities are available for various types of funding. You can then click on one or more of these "facets" to see opportunities with those criteria only.
Notice the new list of results.
Click on any of a record’s links to get more information quickly.

Active Opportunities

**Active Opps** are those most important to you *(short list)*. You can set a funding opportunity as “active” from your search results to help you easily group and/or locate it later.
Your Active Opps are displayed in deadline order with the title of the opportunity and the next deadline displayed. You can view subsets of this list by using the filters or tags.
Active Opportunities

Click on “Options” to see what you can do with each Opp.
Tracked Opportunities are those which you want to monitor, but they are less crucial than your Active opps.
Your Tracked Opps are also displayed in deadline order with the title of the opportunity and the next deadline displayed. You can view subsets of this list by using the filters or tags.
You can e-mail any record to colleagues, even if they don’t have access to COS Funding Opportunities.

Pivot allows you to save your search queries. Saving a search query saves you time as Pivot automatically provides weekly funding alerts that identify any newly added or updated opps that match your query.
Save Searches

You will have the option to name your search and choose to receive a weekly email.
You can also share entire searches from the Saved Searches page.
Weekly Funding Alerts are automatically run on your Saved Searches in COS Pivot. These alerts list any new or updated opportunities that match your saved search query. Alerts are run every Sunday.
