GETTING STARTED

- CCP applicants must take either ACT, SAT or Accuplacer. The Accuplacer is offered free of charge at Kent State Tuscarawas after the student has applied and submitted other application materials. The ACT is offered free of charge to all high school juniors at the high school in March or April (check high school for details.) ACT dates and registration information can be found at [www.act.org](http://www.act.org).

- Talk with your family and guidance counselor about the CCP program. Be sure to inform your school district of your intent to apply by April 1. Homeschooled students must submit intent form to the Ohio Department of Education by April 1. Letters of Intent are available at [www.ohiohighered.org/ccp](http://www.ohiohighered.org/ccp).

- Attend a CCP Information Session at your high school (if available) or at Kent State Tuscarawas.

- Look for more information and application materials at [www.kent.edu/tusc/college-credit-plus](http://www.kent.edu/tusc/college-credit-plus).

- Submit CCP permission form, high school transcript and ACT, SAT or Accuplacer scores by the deadline.

ADMISSION STANDARDS

- All applicants must demonstrate college readiness in at least one area as determined by the Statewide Standards for Remediation-Free Status. This is best assessed using ACT, SAT or Accuplacer.

- Students who don’t meet at least one of the remediation-free standards via ACT, SAT and/or Accuplacer will be considered using the test score in conjunction with high school GPA and/or teacher/counselor recommendation.

- Research shows that successful post-secondary students typically have a secondary school GPA of 3.0 on a 4.0 scale and a composite ACT score of 21.

WHAT IS THE CCP PROGRAM AND WHO CAN PARTICIPATE?
The CCP program was recently established by the State of Ohio to replace PSEO and Dual Credit Options as one of the opportunities designed to allow college-ready students, grades 7-12, who qualify for college admission and receive state funding, the opportunity to earn high school and college credit. CCP can include courses offered on a college campus, via distance, or at the high school, for which college credit is transcripted.

WHO CONSULTS WITH THEIR DESTINATION COLLEGE REGARDING TRANSFERABILITY OF KSU COURSES IN GENERAL AND THE REQUIREMENTS THAT ARE IN EFFECT WHEN THEY ENROLL AS A NEW FRESHMAN?
Students interested in transferring to a college should consult with their destination college regarding transferability of KSU courses in general and the requirements that are in effect when they enroll as a new freshman.

WHO PAYS FOR CCP STUDENTS’ TUITION AND BOOKS?
The high school and college share the tuition costs according to a formula established by the State of Ohio or a negotiated agreement. The high school provides textbooks. Private and home-schooled students must apply for funds to cover costs; funding is not guaranteed. Home-schooled students must purchase textbooks and materials themselves.

HOW DO INTERESTED STUDENTS APPLY FOR ADMISSION TO THE CCP PROGRAM?
Interested students should do the following:
1. Attend a CCP information session at Kent State Tuscarawas and/or their high school
2. Take the ACT (information is available at www.act.org), SAT, or Accuplacer (when instructed by the University)
3. Complete the CCP Application for Admission online at www.kent.edu/tusc/college-credit-plus and provide other admission items as required
4. Await an admission decision letter and follow instructions therein (individual meetings with the CCP advisor occur only after a student is admitted)

WHO PAYS FOR CCP STUDENTS’ TUITION AND BOOKS?
* All application materials must be received at Kent State Tuscarawas by the posted deadline.

WHAT AND HOW MANY CLASSES CAN A CCP STUDENT TAKE AT KENT STATE TUSCARAWAS?
CCP students can generally take any class at Kent State Tuscarawas for which they meet the prerequisites and/or placement criteria. Careful coordination with the high school guidance counselor is necessary in order to be sure all high school requirements are being fulfilled. CCP students can in no case exceed 30 credit hours per academic year, including classes being taken at the high school. Admitted students will meet with the CCP advisor to select and register for classes and should do so in consultation with their high school guidance counselor.

HOW ARE CCP CLASSES DIFFERENT FROM TRADITIONAL COLLEGE CLASSES?
Whether delivered at the high school or on a college campus, CCP classes must be exactly the same in terms of content, rigor, expectations, etc. Students should consider carefully whether they possess not only the academic ability but also the social and emotional maturity necessary to succeed in college-level courses and participate in classes with students and professors of varying ages and backgrounds.

DO CLASSES TAKEN AS A CCP STUDENT APPLY TO DEGREES AT KENT STATE TUSCARAWAS?
Credits earned as a CCP student apply to Kent State University degree programs and will transfer to other colleges just as they would for a traditionally-enrolled student. KSU students are subject to the degree requirements that are in effect when they enroll as a new freshman. Students interested in transferring should consult with their destination college regarding transferability of KSU courses in general and the applicability of specific courses toward their chosen major. For information about the Ohio Articulation and Transfer Policy, visit https://www.ohiohighered.org/transfer/policy.

ARE COLLEGE CLASSES BEING OFFERED AT MY HIGH SCHOOL OR ON THE KENT STATE TUSCARAWAS CAMPUS?
Talk with your guidance counselor to determine if there are opportunities for earning college credit at your high school. CCP students at Kent State Tuscarawas generally take classes in person on our campus. If you are interested in applying for admission to the CCP program at Kent State Tuscarawas, you should review this information and talk with both your family and guidance counselor about your options. You need to understand the benefits, risks and requirements of CCP.

DISCUSS THESE THINGS WITH YOUR GUIDANCE COUNSELOR:
- What classes do I still need in order to graduate? What university courses can I take to fulfill these requirements?
- How does our school define full-time enrollment? How many classes must I take in order to be eligible for participation in sports?
- How are CCP credits and grades applied to my high school transcript (weighted or unweighted, credit hours to Carnegie unit conversion)?
- For what reasons would I have to reimburse my high school for the cost of my CCP courses?
- What are my options for meeting my high school requirements if I fail a CCP course?
- Do you believe I am ready for the academic and social challenges of college-level courses and what do you believe would be an appropriate load for me?

DISCUSS THESE THINGS WITH YOUR FAMILY:
- How will I get to and from the campus, especially when the weather is bad?
- Will I be working or participating in extracurricular activities, and will I have time for the more rigorous demands of college-level courses?
- Am I ready to accept the responsibility and independence that the college classroom demands?
- Will I participate actively and attend regularly?
- Do I possess the social and emotional maturity necessary to engage in classes designed for and attended by adult students?
- Am I comfortable with the “academic freedom” granted to college professors to choose course materials, create their own grading scale, establish classroom policies, etc.?
- Am I prepared to keep my family informed of my academic progress, since the University will not do that for me?
- Am I comfortable with the impact my CCP grades will have on my high school grade point average, future scholarship opportunities and college admission? Will the grades I earn be taken into consideration for admission into selective majors, etc.?
- How will I pay for failed classes?
- If I am concerned about transferring CCP credits to another university, when will I contact or visit that university to discuss transfer?
