Move-In Parking Map, Instructions and Permit

Short-term parking will be available around the residence halls for move-in. A temporary one-hour, short-term parking permit has been enclosed in this mailing and must be displayed on your dashboard upon entering the parking area near your residence hall. Residence Services security aides and Parking Services enforcement officers will be providing move-in instructions and traffic control in these areas. If you have more than one vehicle in your party, you may only unload one vehicle at a time in the short-term parking areas. All other vehicles will be directed to long-term parking.

Long-term parking will be available in the C lots for those vehicles that have been unloaded, or for those vehicles that are waiting to be unloaded. Those areas are highlighted in BROWN on this map. Parents and visitors are welcome to park in the long-term areas for the day.

Students with Kent State University parking permits, including those with Stadium Residence Hall permits, are required to move their vehicle to their assigned parking area by the end of the day. All parking regulations will be in effect immediately following move-in.

Please remember to display your enclosed permit on your dashboard upon entering the parking area near your residence hall.
