

# 2019 Faculty Fellows Application

## Faculty Fellows

Please use the Google Chrome browser to submit this application if you are having issues submitting your application with other browsers. Thank you.

Applications for the 2019-2020 Faculty Fellows Program are now open to all full-time faculty members of any rank.

The Center for Teaching and Learning Faculty Fellows Program is designed to give individual faculty members the opportunity to serve in a leadership role in a professional development area of their choosing. Such issues may include: online teaching and learning, researching teaching and learning, effective techniques for large lecture classes, adjunct faculty support, peer review, teaching strategies for difficult courses, mid-career faculty development, etc. The expectation of the program is that the selected fellows will serve as a mentor/support for other faculty within their chosen topic, create a university-wide workshop on their topic, create a deliverable (article, white paper, learning module) for future faculty use and participate, as much as possible, in the broader workings of the center. Faculty Fellows, if selected, are eligible for workload equivalency to complete the project.

For more information or to discuss your application, please contact Dr. Jenny Marcinkiewicz at [jmarcink@kent.edu](mailto:jmarcink@kent.edu). You may also contact the Center for Teaching and Learning at 330-672-2992 or [ctl@kent.edu](mailto:ctl@kent.edu).

Complete all required questions by filling in each field. The final page will provide further instructions asking you to send a brief letter of support from your administrator along with your current vita. You will receive a confirmation email from [ctl@kent.edu](mailto:ctl@kent.edu) within 72 hours.
