

ALTERNATIVE TESTS FOR PRAXIS I/PRAXIS CORE

The tests below are given to students who did not pass a portion(s) of the PRAXIS I/Praxis Core exam:

Nelson Denny Reading Test

The Nelson Denny Reading Test is taken by students in the College of Education, Health, and Human Services who did not pass the reading portion of the PRAXIS I or Praxis Core exam. Topics include vocabulary and reading comprehension. There are 136 questions and the time allotted is 50 minutes.

Please note: This test can only be taken once.

Professional Standards Mathematics Test

The Professional Standards Mathematics Test is taken by students in the College of Education, Health, and Human Services who did not pass the mathematics portion of the PRAXIS I or Praxis Core exam. Areas covered include mean, mode, median, multiplication, percentages, decimals, geometry, fractions, addition, subtraction, algebra and division. The test consists of 40 questions, time allotted is 1 ½ hours, and **a calculator is permitted**. Study materials for the Professional Math Standards Test are available from the Office of Student Services.

Please note: There are three forms of this test and each form can be taken only once.

Professional Standards Composition Test

The Professional Standards Composition Test is taken by students in the College of Education, Health, and Human Services who did not pass the writing portion of the PRAXIS I or Praxis Core exam. The purpose of the essay is to convey information; focus on one definite and workable aspect of a topic; have a thesis and support it with specific detail, clarity and logical explanation. Students are required to write a 300-word essay on one of the six topics listed on the test and have 50 minutes to complete.

Please note: There are two forms of this test and each form can be taken only once.

Please note: An authorization form *MUST* be completed *1 week* prior to taking any of the above tests. Complete attached form and turn in to 304 White Hall.
