

NEW!

# CHILD PSYCHOLOGY CONCENTRATION

Are you interested in studying children and adolescents? Do you want to pursue a future career and/or graduate study in child psychology or related fields? If so, then our *NEW* Child Psychology Concentration is right for you!

ONLY SIX COURSES ARE REQUIRED!

## **REQUIRED:**

CHILD PSYCHOLOGY (PSYC 20651)

PSYCHOLOGY OF EVERY DAY LIFE (PSYC 21211) **or**  
ABNORMAL PSYCHOLOGY (PSYC 40111)

## **CHOOSE FOUR OF THE FOLLOWING:**

ADOLESCENT PSYCHOLOGY (PSYC 30651)

SOCIAL AND PERSONALITY DEVELOPMENT (PSYC 30652)

CHILDREN'S THINKING (PSYC 30655)

PSYCHOLOGICAL DISORDERS OF CHILDHOOD AND  
ADOLESCENCE (PSYC 40112)

PEDIATRIC PSYCHOLOGY (PSYC 40382)

SPECIAL TOPICS IN CHILD PSYCHOLOGY (PSYC 41395)

\*Students in the Bachelor of Science degree are required to take Abnormal Psychology instead of Psychology of Everyday Life. Students in the Bachelor of Arts can choose either one.

**Email or meet with an Academic Advisor for more information!**
