This is not an admission of guilt, it is merely an acknowledgment that I have received email notification of an infringement, and that I have been given the opportunity to discuss any questions I might have about the infringement with an agent of the University. Additionally, I verify that I meet the following University criteria for reconnection:

- Any copyrighted materials I have on my computer have been legally purchased, or I have received written permission from the copyright holder to maintain them.
- My peer-to-peer (P2P) software is not configured as an open share, or I have completely uninstalled and removed all components of my P2P software.\*
