EHHS Students may submit late (paper) applications for graduation under the following circumstances:

- **Student must be enrolled in the major, minor and concentration in which they want to graduate.**
- **Late (paper) applications may be submitted only after the deadline to apply online has passed.**
- **Student will be assessed the late fee unless it is determined that there are extenuating circumstances that warrant an exception and a waiver to the fee. Extenuating circumstances must be clearly explained and verifiable.**
- **Late application fees will not be refunded based on a change of graduation date or delayed graduation.**
- **By submitting a late (paper) application, the student understands that:**
  - The student’s name may not appear in the program- depending on when application is received.
  - Student will need to check with the Commencement Office regarding the availability of tickets.
  - Student will be delayed in receiving their graduation audit. Students are expected to work with an advisor to make sure they are On Track for graduation, since they may receive their Official Graduation Audit after it is too late to make schedule adjustments.
- **The late (paper) application can be found in flashline under the “Apply for Graduation” box in the “Student Tools and Courses” tab.**
