Proposal Summary
Explain the purpose for this proposal:
Drop PEP 25068 Measurement and Evaluation or Psych 21621 – Quantitative Methods in Psychology as a prerequisite to RPTM 46030 – Dynamics of Leisure Behavior.
Explain how this proposal affects program requirements and students in your unit:
We have already dropped the Measurement and Evaluation course as a requirement for RPTM majors. Dropping the prerequisite for RPTM 46030 will simply clean up this previous action. Students will not have to complete a prerequisite that is not required in the major. Quantitative Methods in Psychology was listed as a prerequisite option in place of PEP 25068. This language should be removed as well. Dropping the prerequisite will alleviate confusion regarding eligibility to enroll in RPTM 46030.
Explain how this proposal affects courses, program requirements and student in other units:
No impact
Explain how this proposal affects enrollment and staffing:
no impact
Units consulted (other departments, programs or campuses affected by the proposal):
None necessary
