

Health Informatics Sample Program of Study

The delivery of Kent State’s HI program is designed for people who have busy lives. Family and work can make relocation for a master’s program impossible. We respect that, and in order for the program to work with your busy lives, we have designed it with the following features:

- You can focus on one course at a time but still take two courses per semester.
- These are standard, but compressed, 3-credit hour courses.
- It is a 36-hour degree (12 courses) program that can be completed in two years.
- We admit students twice per year: fall and spring.

	Admitted in Fall	Credits
	Fall	
1st 7 weeks	IAKM 60401 – Health Informatics Management	3
2nd 7 weeks	IAKM 60410 – Health Records Management	3
	Semester total	6
	Spring	
1st 7 weeks	IAKM 60412 – Clinical Decision Support	3
2nd 7 weeks	IAKM 60403 – Health Information Systems	3
	Semester total (Degree total)	6 (12)
	Summer	
1st 7 weeks	IAKM 60411 – Clinical Analytics	3
2nd 7 weeks	IAKM 60413 – Change Management In Health Informatics	3
	Semester total (Degree total)	6 (18)
	Fall	
1st 7 weeks	IAKM 60402 – Legal Issues In Health Informatics	3
2nd 7 weeks	IAKM 61095 – Ethics, Policy and Politics in Health Informatics	3
	Semester total (Degree total)	6 (24)
	Spring	
1st 7 weeks	IAKM 60414 – Human Factors and Usability in Health Informatics	3
2nd 7 weeks	IAKM 60002 – Knowledge Organization Structures, Systems, and Services	3
	Semester total (Degree total)	6 (30)
	Summer	
Full semester	IAKM 60301 – Foundational Principles of Knowledge Management	3
Full semester	Final degree requirement (Master’s Project, Internship, or Thesis)	3-6
	Semester total (Degree total)	3-6 (36-39)
