SECTION 1: Administration

Article 1: Staff
The Competitive Sports Coordinator is responsible for the overall administration of the Kent State University Intramural Sports Program. The student staff shall function with the Coordinator and Competitive Sports Graduate Assistant(s) in the organization and administration of the Intramural Sports Program. The Coordinator or Graduate Assistant(s) of Competitive Sports reserve the right to change, modify, add, or remove at any time any policy or procedure in the Intramural Sports Handbook whether explicitly printed or implied. It is the responsibility of the participant and team captain to be aware of and abide by all Intramural Sports Program Policies & Procedures and sport rules.

SECTION 2: Eligibility & Participation

Article 1: Eligibility
Listed below are the categories of individuals who are eligible to participate in intramural sports until they no longer meet the rules of eligibility*:

- Currently enrolled students (full-time or part-time) on the Kent State University – Kent Campus
- Current faculty and staff on the Kent State University – Kent Campus
- Spouses of the aforementioned categories**
- Currently enrolled students and faculty/staff of Kent State University Regional Campuses*

*All participants must have a membership to the Student Recreation and Wellness Center (SRWC) or pay the daily guest fee (each visit) to participate in Intramural Sports Programs that are conducted in the Student Recreation and Wellness Center (SRWC). Kent State University identification cards (Flash Cards) will be checked before every intramural contest and are required for entry into the SRWC. Individuals who are not assigned FlashCards (ex. spouses) must present a valid government issued photo ID (drivers’ license) at every intramural contest and/or for entry into the SRWC.

**The term spouses will include married and unmarried couples (i.e., domestic partnerships, civil unions, engaged couples, co-habiting couples, etc.) who live at the same address. Individuals in this category must contact the Competitive Sports Coordinator to be added to the list of eligible participants in IMLeagues. Proof of co-habitation must be presented if requested (i.e., mail/bills with the same address, etc.) to avoid abuse of this policy.

CLARIFICATION: Students who are not registered for summer classes, but either completed classes in the spring (semester immediately preceding) or are registered for fall classes (semester immediately following) may participate in the summer intramural programs. University faculty and staff members must be “officially” recognized employees of the university in at least a part-time capacity.

Article 2: Player Identification
All participants must present either a valid Kent State University issued FlashCard or any non-expired Government ID to the Department of Recreational Services staff and/or Intramural Sports Staff prior to participation. If the name or the picture is not legible, the ID will not be accepted, and that participant will not be permitted to play. Misuse of identification (transferring, lending, borrowing, or altering university identification) is a violation of the student code of conduct and will result in ejection from the game and individuals may be referred to Judicial Affairs. Participants must not play under an assumed name or identity. Names which appear on the roster should match or closely match that of the name on the participant’s FlashCard or Government ID. In the event the ID does not match the participant using it, the Intramural Sports staff may confiscate the ID.

Article 3: Intramural Participation
The Intramural Sports Program recognizes that, for many, coming to know one’s gender identity is not something that happens in an instant; it is a complex process that can occur over an extended period of time. The Intramural Sports Program expects participation to be based on one’s self-identified gender and that it is done in good faith and is consistent
with a player’s expressed gender identity. A participant’s gender identity will be applied when there are gender specific rules or player ratio requirements for co-rec divisions. Transgender or gender nonconforming individuals may participate based on the gender that best matches their expressed gender identity. When signing up on IMLeagues, individuals should indicate their gender based on the participant’s self-identification and expressed gender identity, not purely on the sex indicated in official school records. Player eligibility will be based on the gender identified on the official team roster.

**Article 4: Non-Discrimination Policy**

Standing against bigotry by holding fast to the basic principle of respect for human rights, in all matters both public and private, the Intramural Sports Program strives to promote civil society and social justice. The Intramural Sports Program strives to uphold the mission of the Department of Recreational Services by promoting ethical standards. Accordingly, the Intramural Sports Program does not tolerate discrimination against persons on the basis of race, gender, religious affiliation, age, marital or civil union status, sexual orientation, gender identity, national origin, ancestry, intellectual development, or physical ability.

**Article 5: Club Sport Athletes**

An intramural sports team may have no more than **two** members of a related sport club on its roster. An intramural sports team may have an unlimited number of members from an unrelated club sport. For example, an Intramural Sports indoor soccer team may have no more than **two** members of the Club Sport soccer team(s). A sport club member is anyone who has participated in a sport club during the current academic year. A person who withdrew from a club during the academic year is still considered as a “club sport member” for the purpose of this rule.

NOTE: Similar sports shall apply to:
- Football as associated with Flag Football
- Baseball/Softball as associated with Softball
- Soccer as associated with Indoor Soccer and Outdoor Soccer
- Other sports apply as well

**Article 6: Varsity / Professional Athletes**

A person who receives athletic financial aid, is a red-shirt, or participates at the varsity level is ineligible for that particular intramural sport for one calendar year from the time of their most recent involvement on the varsity level. Involvement, in its simplest form, refers to being listed on the varsity team roster. Past varsity athletes from a two or four-year schools may not compete in that sport or a related sport until the expiration of a one-year waiting period.

A person who has received professional playing status in a particular sport may not compete in that sport or a related sport at the intramural level, until they have been removed from professional competition for a minimum of five years.

NOTE: Intercolllegiate athletes at any junior college or university shall be ineligible for intramural sports participation in that sport or similar activity, until one complete season has elapsed after their participation. Similar sports shall apply to:
- Football as associated with Flag Football
- Baseball/Softball as associated with Softball
- Soccer as associated with Indoor Soccer and Outdoor Soccer
- Other sports apply as well

**Article 7: Number of Teams**

An intramural sports participant may legally play on **one** appropriate single gender team (men’s team or women’s team) plus **one** co-recreational team in the same sports’ league. The two leagues offered within a particular sport may consist of a Greek League (open only to students affiliated with a Greek organization) and the Independent League (the most common league which is open to all eligible students, faculty, staff, and spouses).

Examples:
- Participants may play on up to three different teams within a specific activity. They can only play on one team per league, pending the available offered leagues. **Example:** One single gender team, One Greek team and One co-rec team
- A man may play for a co-recreational team and men’s team within the independent league. A man **MAY NOT** play for two men’s teams or two co-recreational teams in the independent league for that sport. A man may play for a men’s team in the independent league and a men’s team within the Greek League as indicated above.
• A participant MAY play for a co-recreational team in a 4-on-4 volleyball league AND for a co-recreational team in a 6-on-6 volleyball league which may both be offered concurrently within a sport. Any participant found to have played for two teams in the same league will be declared an ineligible participant and shall be ineligible for the remainder of that sports’ season and/or the academic year. It shall be the responsibility of the team captain to know who is eligible to participate on his/her team (see Section 3 for captain responsibilities).

NOTE: A woman may play in a men’s division provided that a co-recreational or women’s league was not offered or the co-recreational or women’s division was cancelled during that season.

Article 8: Transfer/Release of Participant
The first team a participant plays for is their team, for that activity season. A participant may not quit the first team in which they competed with, to transfer to another team. Participants who are on a team roster, but have not yet played for that team may remove themselves from that teams’ roster to join another team. Any situations not covered in this section need to be communicated with the Competitive Sports Coordinator.

Article 9: Team Rosters & Post-Season/Tournament Participation
For each team sport there is a minimum number of players required to play, as well as a maximum number of players allowed per team. The roster minimum is typically the number of players required for a complete team in that sport, and may differ from the minimum number of players required to avoid forfeit and start a game. Please refer to the individual sport rules for the minimum number of players, including required gender ratio minimums, to avoid forfeit. Team Captains are responsible for ensuring the corresponding roster minimum is reached prior to their team’s first game.

Team sports will also have an imposed roster maximum, in order to limit team sizes and encourage creation of multiple/ separate teams by groups of participants and to allow for appropriate playing time for all players involved. Sport roster maximums may vary from the maximum number of awards (t-shirts) granted to a team (see section 15 for awards).

M. Attend the post-season tournament scheduling meeting or designate a team representative to attend.

Article 3: Entry Procedures
A. Teams and individuals can view the registration deadlines for all activities via IMLeagues.com. Registration can either begin in the Pro Shop or Online.
B. An entry fee will be required for each team sport and most special events. This non-refundable fee will be paid when registration is completed online or in the Pro Shop. Payment can be made in the form of cash, check, credit card, Flash Cash, or IDC. Exception: Entry fees will only be refunded if the event that you registered for is cancelled by the Intramural Sports staff.
C. Most league sports utilize “instant scheduling,” which means that the teams have the option to choose a division, with the days and times that best fit their respective schedules. Team captains may choose an available time slot at the time of registration. However, there may be times when a division doesn’t fill. When this occurs, we will make every effort to try to allow participation by moving teams to alternate divisions, in-order to fill another division or overfill a division. This accommodation may result in changes to the day/time the section is offered. These changes will be made at the discretion of the Competitive Sports Coordinator.
D. Once an open slot is selected and the team is completely registered, the team may not change their playing days and times. Exception: Occasionally a division may not fill and teams may be needed to fill an open slot, divisions may need to be combined, or the day/time of the divisions may be changed, these changes will be made at the discretion of the Competitive Sports Coordinator.
E. Registration for all sports begins the FIRST DAY of classes for each semester and ends on the registration deadline as specified by that particular sport.
F. League/tournament schedules will be available on IMLeagues.com
G. After the team captain has registered their team(s) in the SRWC Pro Shop or online, the team captain must then create their team on IMLeagues.com prior to the registration deadline. The team captain must create their team in the same section that they registered for. Upon creating the team in the correct section, the team captain must add/invite/accept ALL of their team players to the team’s roster on IMLeagues. Every participant must have an IMLeagues account. Instructions for creating teams and rosters on IMLeagues.com are included in the Appendix of this document and are also available on the intramural sports website.

Article 4: Team Manager Agreement
The following agreement statement appears on the team registration form which must be signed by the team manager/team captain at the time of registration.

I agree that I will abide by, and communicate to the members of my team; all rules, regulations and policies set forth in writing and/or verbally expressed by the Intramural Sports Coordinator, the Intramural Sports staff, and Department of Recreational Services. The rules and regulations are not limited to league and tournament rules but the Kent State University Intramural Sports Handbook of Policies & Procedures, the Department of Recreational Services Policies & Procedures and the Kent State University Policy Register as well. I also agree that as the team manager I am solely responsible for payment of all league fees and any additional fees that may be incurred which are due and payable to Kent State University. Failure to pay the fees in the designated time frame to the Department of Recreational Services may result in my team being removed from the league and possible future suspension for me and my teammates from all future leagues as well as my student account (Bursar’s Account) being billed for the fees due which may place a “Hold” on my student record. I also agree that failure to abide by said rules may result in my team being suspended and/or permanently banned from all leagues and events offered by Kent State University Department of Recreational Services depending upon the nature of the violation.

I also agree that I have read the Kent State University Intramural Sports Handbook, and the rules for the specific event for which I am registering (listed below). I also agree that it is my responsibility to verify that the members of my team are also familiar with all policies and rules regarding participation in said event (listed below); and that the members of my team are eligible to participate in Kent State University Intramural Sports Program. Failure to abide by all program policies and procedures may result in my (as well as my team members) probation/suspension from the intramural sports program.
SECTION 4: Participant/Spectator Health and Safety

Article 1: Assumption of Risk
There are inherent risks with all sports activities, and all participants acknowledge an assumption of risk by their voluntary participation in an Intramural Sports activity. The Intramural Sports staff, the Department of Recreational Services, or Kent State University, or the agents thereof will NOT assume any responsibility for incident, injuries, or loss of or damage to personal property resulting from participation in intramural sports. Participation is at the individual’s own risk. Participants should be careful to follow doctor’s instructions concerning physical disabilities, injuries, illness, and the involvement in any activity.

Article 2: Hold Harmless Agreement
All participants in the Kent State University Intramural Sports Program must sign the Hold Harmless Agreement before they may participate in any intramural activity. There shall be NO EXCEPTIONS to this rule. All participants are required to be listed on the official IMLeagues team roster for each team on which they participate; upon signing up for each team the participant must electronically sign the Hold Harmless Agreement.

Kent State University Hold Harmless Agreement:

In consideration of being permitted to enter Kent State University’s Student Recreation and Wellness Center (SRWC) or any facility or field maintained by the Department of Recreational Services or any other University-owned property, for any purpose, including but not limited to observation, use of facilities or equipment, participation in instructional or fitness classes or sessions, club sports, or participation in any way related, the undersigned hereby acknowledges and agrees to the following:

That they have inspected, or immediately upon entering, will inspect such premises and facilities and any such use or observation constitutes an acknowledgement that such premises and all facilities and equipment thereon have been inspected and that the undersigned finds and accepts same as being safe and reasonably suited for use.

I understand and recognize that I am responsible for my own well-being and fully understand all risks involved before participating in any activity through the Department of Recreational Services. I declare that I recognize that it is in my best interest, as well as that of the other participants, to follow the suggestions, guidelines, and/or rules of the activity supervisors, and/or coordinators and that, as an elective, my participation in this activity is entirely voluntary. I fully understand and appreciate the potential dangers, hazards and/or risks, directly and/or indirectly inherent in participating in this activity, as well as engaging in fitness and physical activities in general, which could include the loss of life, serious loss of limb, or loss of property. I agree to utilize all available safety measures including following any safety training provided, and wearing all necessary protective gear if required. Also, I understand that the consumption of alcohol and/or use of drugs is strictly prohibited and could result in my dismissal from further participation in the activity.

I understand that any University personnel or agents also participating in this activity are not necessarily medically trained to care for any physical or medical problems that may occur during this activity. I further understand that the University does not carry medical or liability insurance for me while I am participating in this activity. By placing my signature below, I acknowledge to the University that I have adequate medical and hospitalization insurance for any injuries that I may incur as a result of participating in this activity. The Department of Recreational Services strongly recommends that each member have an annual physical examination and personal medical and accident insurance.

NOW, THEREFORE, in consideration for being allowed to participate in this activity, I agree to indemnify and hold the supervisor(s) and coordinator(s) of this activity, Kent State University, its Board of Trustees, agents, officers, and employees, and student volunteers harmless for any and all direct, indirect, special or consequential damages, or costs, legal and otherwise, which I may incur as a result of my participation in this activity, even if due to the negligence of Kent State University or any person serving in the above-identified capacities. I also agree that I assume full responsibility for and risk of bodily injury, death, or property damage due to the negligence of the releasers or otherwise, while the undersigned is in, upon, or about the premises of the SRWC and or while using the premises or any facilities or equipment hereon.

I have read the above terms of this Agreement/Release, and I understand and voluntarily agree to the terms and conditions and that I am giving up substantial rights including my right to sue. This Agreement/Release is the entire agreement between the parties and shall be binding upon the heirs, administrators, executors, and assigns of the undersigned. I further expressly agree that the forgoing release, waiver, and indemnity agreement is intended to be as broad and inclusive as permitted by the laws of the State of Ohio, and that if any portion thereof is held to be invalid, it is agreed that the remaining language shall, not withstanding, continue in full legal force and effect. I acknowledge that I am signing the agreement freely and intend by my signature to be a complete and unconditional release of all liability to the greatest extent allowed by law.
Article 3: Insurance
The Department of Recreational Services does not provide individual insurance coverage. Students not adequately insured through personal or parental health insurance policies should secure the health and accident policy offered through the university on a nine-month or twelve-month basis.

Article 4: Health and Safety
The health and safety of all participants is the highest priority and therefore may take precedence over normal rules, regulations, and procedures. It may become necessary to close facilities or apparatus, modify rules, or even to declare forfeits or cancel games. Such drastic measures would occur when the well-being of one or more participants is at stake and the continuation of the game would further endanger the participants or staff members. All injuries should be immediately reported to an Intramural Sports staff member immediately. Staff members will assess an injury, and recommend further care or assistance if needed; the staff member will fill out a Matter of Record Form. If a participant is injured and does not have transportation, Campus Security and/or EMS may be called to assist.

Article 5: Significant Injuries & Return to Play Guidelines
Any Department of Recreational Services employees, including Intramural Sports staff members, or other health care professionals, may remove a participant from activity, and/or prohibit a participant from returning to activity if they deem it necessary. This decision will be at the discretion of the staff members and is intended to protect the health and safety of the participant(s). A participant who is suspected to have sustained a significant injury that meets any of the following criteria will not be permitted to continue participation. Significant injuries may include, but are not limited to, injuries to the head, neck, or spine; injuries resulting in discoloration, angulation, deformation, or swelling; and injuries resulting in signs and/or symptoms of a concussion.

Article 2: Playoffs
All teams that are eligible to compete in the playoffs for each league sport will be invited to a tournament scheduling meeting. Playoff Eligibility information can be found below. These meetings are generally scheduled at the conclusion of league play. Team captains are given the opportunity to choose from the day/time(s) available, of their first tournament game at the tournament scheduling meeting with the intent to help eliminate first round forfeits in tournament play.

A. Teams will be “seeded” for tournament selection and allowed to choose their first game position based upon their seed.

B. Teams not represented at the tournament scheduling meeting (but are eligible) will be randomly assigned to the tournament bracket after all other teams represented have had the opportunity to select their first game time.

C. Once a team has picked their placement in the bracket, that position is “locked” and no changes will be allowed.

D. In some cases, the structure of the bracket, or the seed of a team, may eliminate the choice of bracket placement.

Due to the nature of a single elimination tournament, playoff schedules will vary from regular season scheduling days/times. Playoff games may be scheduled on multiple days of the week, on days and times that differ from the team’s regular season games. Teams may be scheduled to play more than one game in a day or on back-to-back days during the tournament. Captains and teams should check the entire bracket to know when their team will play again if they move on to the next round of playoffs.

Article 3: Playoff Eligibility

- Team eligibility to compete in the playoffs for each activity is based on the following criteria and their division structure. Teams must have a minimum of a (.500) record and must have a sportsmanship rating of 2.75 or better during the regular season to be eligible for playoffs.
  - Examples of (.500) records: 1-1, 2-2 & 3-3

- Teams must also maintain a sportsmanship rating of a 2.0 during the post season to remain eligible to play.

  *Adjustments may be made to the eligibility of specific divisions based off their size or amount of divisions per league.

  **For example:** In most cases, in a four team division; the top two (2) teams will advance to the playoffs provided their overall sportsmanship rating is 2.75 or better. There is a chance three (3) of the teams in that division could qualify.

Article 4: Standings
Playoff ranking or “Seeding” will be decided by the tiebreakers seen below. Teams will be ranked according to the following statistics, in order to break any ties that may exist following the regular season:

- Winning Percentage

  If teams remain tied through all four tiebreakers, we will use a RNG (Random Number Generator) and do a best-of-5 to break the tie

SECTION 8: Forfeits

Article 1: Grace Period
Teams and players are encouraged to arrive at the activity site early enough to allow for players to check-in, submit line-ups, warm-up, etc.; however, occasions may occur in which a team or players may be running late due to seen or unforeseen circumstances. Therefore, teams are permitted a grace period (5 minutes) to have the minimum number of players to compete ready to play before a forfeit shall be declared.

Article 2: What is a forfeit?
A. A forfeit is defined as when a team or individual fails to appear, check-in, or is not prepared to begin play with the minimum number of required players at the end of the 5-minute grace period.
B. A team with the minimum amount of players present at the end of the grace period may opt to play or accept the forfeit. If they play, other team members may participate upon arrival (subject to the rules of the sport and sign-up rules). If they accept the forfeit, they lose the right to play should the other team members suddenly appear.
C. A double forfeit is declared when neither team, nor individuals, appear or are prepared to begin play with the minimum number of required players when the grace period expires.

Article 3: Excessive Forfeits
Due to the number of games played during a season or tournament the following rules shall apply:
A. Any team that obtains two forfeits (on different days) in a league, during regular season play, for any reason will be eliminated from the league, and therefore will not be eligible for playoffs.
B. If a team forfeits any game in a double elimination tournament, they will be disqualified from the tournament.

Article 4: Forfeits and Sportsmanship
Any team that forfeits during regular season play shall receive a 2.0, for their sportsmanship rating for that contest. The sportsmanship rating of the team that receives the win by forfeit (4.0) will not be negatively affected as long as the team meets the necessary criteria to accept the win by forfeit. Teams that receive a forfeit win imposed due to ineligible players and/or unsportsmanlike conduct shall receive a sportsmanship grade for the game played up to the point where the game was cancelled.

SECTION 9: Sportsmanship

Article 1: What is Sportsmanship?
Sportsmanship is defined as conduct and attitude considered appropriate in sports, especially fair play, courtesy, striving spirit, and grace in losing. Sportsmanship in all intramural sports activities is an essential component of the Intramural Sports philosophy. Sportsmanship includes positive or negative actions or comments toward opponents/teammates, intramural staff, and spectators. Team captains are responsible for the conduct of team members and should maintain control of any associated personnel, including spectators, during all games.

When choosing a team name, please ensure it is in good taste and is not offensive to individuals or groups on the basis of race, ethnicity, religion, disability, age, gender identity, sexual orientation, socioeconomic status, culture, and social or political beliefs. We ask that all team names not contain profanity, racial slurs, sexual innuendos, references to drugs or alcohol, reference to body parts or other words/topics/phrases that may be offensive or otherwise demeaning, degrading, or derogatory in nature. This also applies to images on team uniforms or team pages on IMLeagues.

The Intramural Sports program reserves the right to reject or change team names at the discretion of the Intramural Sports staff. In the event we need to change a team name, we will simply change the team name to something fun/silly and the team will be unable to change this name. Your team will use that team name for the duration of the season. If you are unsure if a team name is acceptable, contact the Coordinator, or Graduate Assistant(s) of Intramural Sports for clarification.

Article 3: Web Etiquette
The Kent State University Department of Recreational Services and/or Intramural Sports Program will be monitoring content on the IMLeagues.com website, other websites and/or social media platforms. Any comments, pictures, postings or anything thereto deemed inappropriate by the administration of Kent State University, the Department of Recreational Services, and/or the Intramural Sports Program are subject to the following:

- Deletion of posted materials
- Removal of the offending player or team from the league
- Deletion of the offending individual’s IMLeagues.com account
Referral to the Office of Student Conduct

There will be a zero-tolerance policy for anything that is demeaning, degrading, derogatory or sexually explicit in nature. This includes, but is not limited to, posted materials referring to topics such as race, ethnicity, religion, disability, age, gender identity, sexual orientation, socioeconomic status, culture, and social or political beliefs.

Article 3: Captains
The team captain is ultimately responsible for all the actions of their team. Captains should exhibit exemplary sportsmanship and assist the Intramural Sports staff in controlling the actions, behavior, and sportsmanship of their teammates. Additionally the captain will ensure that their team is familiar with the rules of play and Intramural Policies and Procedures contained in this document. Copies of the rules are available on the Kent State University Intramural Sports web page and IMLeagues.com.

Article 4: Unsportsmanlike Conduct
The Intramural Sports Program believes good sportsmanship is an integral component of competition. We wholeheartedly embrace the position that, in order for sportsmanship to prevail, participants and spectators must display respect, fairness, civility, honesty, and responsibility before, during, and after all contests. We encourage spectators to enthusiastically support their team, recognize the outstanding performance of opponents, and always exhibit good sportsmanship in their words and actions. The Intramural Sports Program encourages and promotes sportsmanship by all participants and spectators. The Department of Recreational Services and the Intramural Sports Program are committed to holding programs in a safe environment free from bullying. Offensive language including profanity, derogatory remarks about an individual’s race, ethnicity, culture, age, gender, sexual orientation, gender identity, ability, national origin, veteran status, social economic class, religion, or professional status, or other intimidating actions directed at officials, staff, participants, spectators, or others will not be tolerated and are grounds for removal from the site and disciplinary action which could include referral to Judicial Affairs.

Participants shall not commit acts of unsportsmanlike conduct. Before, during or after a contest, no player, captain, team, or spectator shall:

The player shall be suspended for a minimum of one game. Failure to leave the area/facility/complex may result in disqualification of the captain, or forfeiture of the game. It should be noted that the Intramural Sports Program and Intramural Sports staff reserve the right to immediately disqualify/eject a participant or end an intramural contest at any time if it is deemed necessary to maintain the safety of participants and staff. It is not necessary for a player or team to be issued the maximum sport specific unsportsmanlike-conduct related penalty to be disqualified/ejected from a contest or to end a contest; the participant may be disqualified/ejected and/or the contest may be ended without warning if the behavior warrants such action. Players will be automatically disqualified/ejected for unsportsmanlike conduct that results in the following:

- Soccer (Outdoor & Indoor): 2 Yellow Cards or 1 Red Card
- Volleyball (Indoor & Sand): 2 Yellow Cards or 1 Red Card
- Basketball: 2 Technical Fouls

Article 6: Sportsmanship Ratings

The rating may be subject to change, both up and down, at the discretion of the Coordinator, or Graduate Assistant(s) of Intramural Sports. The rating can also be negatively affected as a result of the behavior of a team’s spectators. In addition to qualifying playoff criteria, each team must maintain a 2.75 or better average Sportsmanship Rating during league play to participate in the playoffs. During playoffs, each team must be rated 2 or above to have the chance to continue in the playoffs. Intramural Sports will remove teams from playoffs it feels are displaying poor sportsmanship.

Article 7: Unsportsmanlike Conduct and Forfeiture of Games

Any team that receives three (3) unsportsmanlike-conduct related penalties during a single contest will forfeit the contest to its opponent. Repeated display of “poor sportsmanship” will result in the team being ruled ineligible for participation and possible referral to Judicial Affairs for violations of the Student Code of Conduct.

Article 8: Review of Sportsmanship Ratings

It is the captain’s right and responsibility to view their team’s Sportsmanship Rating after each contest. The Intramural Sports Supervisor staff will be able to provide the captain with this information immediately after the contest. A team may appeal a rating by writing a letter containing all relevant information to the Coordinator, or Graduate Assistant(s) of Intramural Sports. SECTION 16: Miscellaneous

Article 1: Phone Information
Intramural Sports policy forbids office personnel to give personal information over the phone. Information given over the phone is easily misunderstood and could lead to confusion and potentially unnecessary forfeits. League and playoff schedules are available in advance and are posted on IMLeagues.com. Captains are responsible for knowing when their team is scheduled and for accurately communicating this information to their team.

Article 2: Program Registration Fees
A. All fees are used in the program to pay student employees, provide awards, promote/publicize activities, maintain fields, and purchase equipment. These fees do not cover the costs for the staff, but do help offset these expenses.
B. When considering the quality of the program and the positive experiences enjoyed by the participants, the program remains a tremendous value.
C. All efforts will be made to maximize playing opportunities. In the unfortunate event of cancellation, all efforts will be made to reschedule the contest. However, the decision of rescheduling is left solely up to the Coordinator, or Graduate Assistant(s) of Intramural Sports and there will be no refund if games cannot be rescheduled.

Article 3: Evaluations
Throughout the year, the Intramural Sports staff may ask participants to fill out questionnaires/surveys about the quality of the Intramural Sports Program, please take the time to fill out the evaluations, and encourage your teammates to do so as well, so that we may better serve your needs. When these are being filled out, please give us substance and ways to make our program better for you and your fellow participants. Please don’t say the official stink, that doesn’t help us improve.

Article 4: Extramural Tournament Opportunities
Occasionally, opportunities to participate in extramural tournaments and events may arise. Extramurals refers to intramural/club level tournaments that are held off-campus at colleges and universities across the country. Many are held within the state of Ohio, while others are held at the Regional level in one of the nearby states, or even at the National level. Teams have the opportunity to represent Kent State University against top intramural teams from other schools. Tournaments are offered in different sports, including flag football, basketball, soccer and tennis. Extramurals typically fall under the sponsoring association known as NIRSA.

In the event that a team is participating in an extramural opportunity, the team is expected to represent themselves, their team, the Kent State University Intramural Sports Program, the Department of Recreational Services and Kent State University in a positive manner. The team will be subject to all rules, policies, and procedures outlined herein whether explicitly stated or implied, the Kent State University Student Code of Conduct, tournament/event governing body or sponsoring association rules and regulations, and any guidelines specific to the event in which they are participating.

Teams and individuals interested in participating in extramural opportunities should contact the Coordinator, or Graduate Assistant(s) of Intramural Sports for more information on how to get involved.

Article 5: Questions, Comments or Concerns
The Coordinator of Competitive Sports is ultimately responsible for running all intramural programs. The Coordinator, or Graduate Assistant(s) of Intramural Sports reserves the right to make rule modifications or decisions contrary to the policies and procedures of the Kent State University Intramural Sports Program, outlined herein, in the best interest of all intramural participants and as necessary for the positive delivery of the Intramural Sports Program to Kent State University students, faculty, staff and spouses. If you have any questions, comments or concerns, please contact the Coordinator, or Graduate Assistant(s) of Intramural Sports.
