Charitable IRA Rollover

Thank you so much for considering the Kent State University as a charitable recipient of your IRA, through executing a direct rollover of all or part of your Required Minimum Distribution, without incurring any federal income tax on withdrawals, or impacting the limit for charitable deductions which now is 60% of your adjusted gross income.

The IRA Charitable Rollover is an excellent, tax-advantaged way to make a charitable contribution, create a fund, or make a pledge payment. By utilizing this permanent vehicle, donors aged 70 ½ and over can contribute directly to the Kent State University Foundation, Inc. of up to $100,000 per year. For married couples, the limit is $200,000 per year, provided they are each owners of IRAs. Whether you itemize or not, this gifting tool is very savvy.

Moreover, your generosity will have an important impact on the lives of our students for many years to come. Here are the steps to move a Charitable IRA Rollover contribution:

**Step One: Obtain the paperwork from your bank, brokerage firm or mutual fund:**
Call their service number or obtain the documents via their online website. If no forms are available, write them a letter giving them instructions to execute a charitable rollover to the Kent State University Foundation, Inc. as the charity receiving your rollover gift. Our tax ID # is 34-657-6307.

**Step Two: Notify us of your intention to utilize the charitable IRA rollover and for what purpose.**

**Step Three: Arrange the delivery of the funds to the Kent State University Foundation.**

- **By Check Directly to Us:** They should noteate on the check that this is a Charitable IRA Rollover from your account, and mail to:
