Leaders of Tomorrow, under the umbrella of Leadership Tuscarawas, is designed to bring together young people in their junior and senior years of high school or in college who aspire to be successful leaders in life, work, and play.

This special day will offer the opportunity to hear six speakers and the chance to participate in two of six workshops.

Whether it be a tip, a life lesson, or something they wish they had known when they were your age, each presenter will have an important message. This event will be inspiring, hopeful, and will give you a glimpse of the lives of some amazing professionals who are making a difference in the world around them.
