

## Proposal Summary

**Title:** Recreation Park Tourism Management (RPTM) - Prerequisite changes, course level change, course content change

**Subject Specification:** Proposal to change prerequisites for the following courses

**Background Information:** The purpose of this proposal is to:

-Eliminate RPTM 26000 as a prerequisite for RPTM 46060, as the course inactivated in 2006

- To change the course content and academic level of RPTM 46071 to RPTM 26071.

Previously, this course served as a slash course for undergraduate and graduate students. Due to recent curriculum and program changes, it is no longer needed as a slash course and is more appropriate at the 20000 academic level. Additionally, the course content was changed to reflect this course as a 20000 level course. This change will provide greater flexibility for students to enroll in this course and to matriculate through the RPTM curriculum. A proposal summary has been submitted to Graduate Council for consideration to inactivate the slash course ELS 56071.

- To add RPTM 26081 as a prerequisite for RPTM 46070.

. No impact on other policies, programs, or procedures. These courses are required for students in the RPTM major.

**Alternatives and Consequences:** No impact on other policies, programs or pcedures were identified. These changes will not have an impact on other courses.

**Specific Recommendation and Justification:** It is recommended that these curricular changes be approved as it is in the best interests of the students of the RPTM program.

**Timetable and Actions Required:** This proposal would require the approval of the appropriate committees in Fall 2008 so that it may be implemented in the Fall 2009. This proposal was approved by the SELS curriculum committee on November 4, 2008 and the College Undergraduate Curriculum Council on December 12, 2008.
