*Submission vs. Non-Submission:

- Submission: These assignments require students to submit their work directly to Taskstream. Students should check with their course instructor to understand what documentation needs to be submitted. *Please note that evaluation scores in Taskstream may or may not represent a grade for the course. The decision to use a Taskstream evaluation score as a grade is made by the instructor.*
- Non-Submission: These assignments require no action in Taskstream by the student. However, students may still need to submit work to their instructor in a different way (e.g., email, paper copy, etc.). *Please note that evaluation scores in Taskstream may or may not represent a grade for the course. The decision to use a Taskstream evaluation score as a grade is made by the instructor.*
