The period of April 16, 2018 through June 15, 2018 has been designated as the timeframe for conducting the 2018 performance evaluations for unclassified employees. The performance evaluation process is a collaborative effort between employees and managers. Continual dialogue between an employee and their supervisor is a critical element in successful performance management and the annual performance evaluation is one such opportunity for this dialogue to be impactful.

Some of the key objectives of the performance evaluation process include:
- Align employee performance with unit, department, division and university goals;
- Foster two-way communication regarding job performance and the assessment of goals and opportunities for the unit and the individual;
- Establish a mutually-understood set of performance standards and expected outcomes;
- Recognize meaningful contributions of employees;
- Discuss opportunities for growth and development; and
- Provide necessary feedback when performance does not meet expectations, while creating a positive, collaborative approach to foster future success.
