Kent State University College of Podiatric Medicine
2018 Northeast National Conference
September 27 – September 30
Marriott Stamford
Stamford, Connecticut

Thursday September 27, 2018
12:00 – 12:30  Sign-in and Welcome

Hot Topics in Podiatric Medicine & Surgery - Joints, etc. (4.5 from 1 – 6 pm with 30 min break)

1:00 – 1:30  Clinical Rheumatology  Bryan Caldwell
1:30 – 2:00  Interactive Cases in Pedal Rheumatology  Larry Osher
2:00 – 2:30  Experience with Prolotherapy in Foot & Ankle Pathology  Mark Hardy, DPM
2:30 – 3:00  Imaging of osteochondral talar lesions  Larry Osher, DPM

3:00 – 3:30  Break

Hot Topics in Podiatric Medicine & Surgery - Novel, But Not Novelties!

3:30 – 4:00  Common Cases - That Weren’t Common!  Steve Mariash, DPM
4:00 – 4:30  Multimodal, post-operative pain management  Jeff Shook, DPM
4:30 – 4:50  Neuropathic Fractures  Mark Hardy, DPM
4:50 – 5:10  Is this Fracture/Osteotomy Healing? Using “Star Wars” Advanced Imaging  Larry Osher, DPM

5:10 – 5:40  Novel Technique in Ankle Arthroscopy  Mark Razzante, DPM
5:40 – 6:00  Weightbearing CT scanning of the Foot & Ankle has Arrived  Larry Osher, DPM

Friday September 28, 2018  - 8.5 total

Limb Salvage: Introduction (2.5)

7:30 – 7:45  Multidisciplinary Approach  Allan Boike, DPM
7:45 – 8:00  Changing paradigms in limb salvage  Paul Kim, DPM

Limb Salvage: Infectious Disease – Medical

8:00 – 8:15  Introduction & empirical therapy for foot infections  David Aronoff, MD
8:15 – 8:30  2018 update on MRSA treatment  
David Aronoff, MD

8:30 – 8:45  Making an accurate diagnosis of osteomyelitis  
David Aronoff, MD

8:45 – 9:00  Molecular diagnosis of infection  
Bryan Caldwell, MD, DPM

9:00 – 9:15  Medical management of osteomyelitis  
David Aronoff, MD

9:15 – 9:30  Utilization of inflammatory markers for diabetic foot infections  
Jeff Shook, DPM

9:30 – 9:45  Complications during the treatment of diabetic foot osteomyelitis  
Paul Kim, DPM

9:45 – 10:00  ESRD and limb salvage  
Jeff Shook, DPM

10:00 – 10:30  Break

10:30 – 11:00  MRI evaluation of diabetic foot infection  
Larry Osher, DPM

11:00 – 11:15  Emergent Diabetic Foot Infections  
Christina Pratt, DPM

11:15 – 11:30  Osteomyelitis of the 1st metatarsal bone  
Paul Kim, DPM

11:30 – 11:45  TMA  
Steve Mariash, DPM

11:45 – 12:00  Vertical contour calcanectomy  
Paul Kim, DPM

12:00 – 12:15  Symes Amputation  
Mark Hardy, DPM

12:15 – 12:30  Long term outcomes of permanent spacers in the infected foot  
Paul Kim, DPM

12:30 – 1:30  Lunch (4.0 with 30 min break)

1:30 – 1:50  Diagnosis of PAD - What are the options?  
Cleveland Clinic Faculty

1:50-2:10  Access alternative in complex arterial interventions

2:10-2:30  ABCs of PAD treatment-What’s in my toolbox?

2:30-2:50  Cut it, Balloon it, Stent it - Let’s compare the current literature

2:50-3:20  Tips and Tricks: How I Heal My Worst Wounds  
Cleveland Clinic Faculty

3:20-3:40  When amputation is not failure

Break 3:40-4:00
Saturday September 29, 2018 (8.5 total)

1st Ray: Part 1 (2.5)

7:30 – 7:50  Three-dimensional Anatomy of Hallux Valgus  
Paul Dayton, DPM

7:50 – 8:10  The utility of soft tissue correction for HAV deformity  
Jeff Shook, DPM

8:10 – 8:30  The Akin osteotomy, cheating or fixing?  
Steve Mariash, DPM

8:30 – 8:50  Scarf Bunionectomy, the good, the bad and the ugly  
Steve Mariash, DPM

8:50 – 9:10  My Preference for a Crescentic Basilar Osteotomy  
Mark Hardy, DPM

9:10 – 9:40  Why We Need the Lapidus Procedure  
Paul Dayton, DPM

9:40 – 10:10  Break

1st Ray: Part 2

10:10 – 10:30  Exostectomy /cheilectomy for hallux limitus  
Christina Pratt, DPM

10:30 – 10:50  Cotton procedure for hallux limitus  
Paul Dayton, DPM

10:50 – 11:10  When I do implants for hallux limitus  
Duane Ehredt, DPM

11:10 – 11:30  1st MTPJ fusion: Indications and fixation rationale  
Paul Dayton, DPM

11:30 - 12:00  MRI of the Hallux complex  
Mark Schweitzer, MD

12:00 – 1:00  Lunch

Foot & Ankle MRI (2.5)

1:00 – 1:30  Secrets of AP of the Ankle with Cross-sectional Imaging Correlation  
Zehava Rosenberg, MD

1:30 – 2:10  MRI Ankle: Tendon & Ligament Pathology  
Mark Schweitzer, MD

2:10 – 2:50  MRI Patterns of Foot & Ankle Marrow Edema  
Zehava Rosenberg, MD

2:50 – 3:20  Sinus tarsi and Related Conditions  
Mark Schweitzer, MD

3:20 – 3:35  Imaging of Chopart joint injury  
Zehava Rosenberg, MD
3:35 – 4:05 Break

Tendon, Ligament, and Fascia (2.0)

4:05 - 4:15 Conservative management of Achilles ruptures
Jeff Shook, DPM

4:15 – 4:30 Management of insertional Achilles enthesitis
Christina Pratt, DPM

4:30 – 4:45 Open vs mini open repair of Achilles ruptures
Mark Hardy, DPM

4:45 – 5:00 Endoscopic calcaneoplasty
Duane Ehredt, DPM

5:00 – 5:15 Endoscopic Release of Plantar Fascia and Gastrocnemius
Mark Razzante, DPM

5:15 – 5:30 MRI of syndesmotic injury – the value of 3D imaging
Larry Osher, DPM

5:30 – 5:45 Current trends on syndesmotic repair
Mark Hardy, DPM

5:45 – 6:05 Direct & Indirect Repair of Anterior Talofibular Ligament
Mark Razzante, DPM

Sunday September 30, 2018

Sunday – Expert Billing and Coding in Wound Care

7:30 – 8:30 a.m. Sunrise Interactive Case Study Session
Faculty

8:30 – 11:30 a.m. Essentials of Billing in Wound Care
Kathleen Schaum, MS
