

Service-Learning and ELR Credit Waiver
Kent State University Tuscarawas

This course, _____, has a service-learning component, which has been beneficial to students as they learn and to our community as it gains resources. However, this course **will not** carry with it ELR (Experiential Learning Requirement) credit for your graduation. Most students will gain ELR credit through experiences such as field experience, student teaching, clinicals, or internships. If you believe you have or will have another ELR experience before you graduate, just enjoy and learn from this experience. However, if you feel that you need ELR credit from this course, you do have the option of earning an additional credit for this class, which will count as an ELR credit. You can find information about the additional credit option at the OEECE of Kent State's website under Plus-1 credit at <http://www.kent.edu/experiential/plus1creditfnl/index.cfm>.

By signing this waiver, you are agreeing to pursue the Plus-1 credit on your own if needed, and you are showing that you understand that this course, though it contains service-learning, does not carry with it ELR credit.
