KSU’s Speech & Hearing Clinic introduces - **Teen Talk Social Skills Group**!

Does your son or daughter understand how to trade information? Or use the “rules” of a two-way conversation? This might be the group you’ve been looking for. Teens ages 13-18 will meet each week and discuss topics like “Choosing friends” and “How to use humor.” All topics are adapted with permission from the PEERS © Program, a manualized, social skills training intervention for youth with social challenges. Participants will be involved in discussion-based sessions.

**Mondays starting March 4th**  
Meets for 8 weeks from 5:30-6:30pm  
At Kent State University Speech & Hearing Clinic  
Cost = $285
