Kent State University at Ashtabula
Occupational Therapy Assistant Program

OCCUPATIONAL THERAPY OBSERVATION

Observation Requirement: A minimum of eight hours must be completed prior to admission in the technical study portion of the Occupational Therapy Assistant program at KSUA. The eight hours may be completed in a minimum of one facility and a maximum of two different sites (minimum of four hours at each site).

For each facility, complete this form in its entirety (if all eight hours were completed at the same facility, only one form is needed). Completed forms must be received by KSUA by the March 1 deadline for summer admission eligibility.

Professionalism Requirements: While shadowing, students are considered a visitor in the clinical setting. It is expected that the applicant will conduct themselves as courteous professionals. Although the student experience is observation only, the shadowing program is intended to be an interactive learning process with the opportunity for student-professional-patient interactions. Applicants must dress professionally per the requirements of the facility, refrain from cell phone use, keep all information confidential to ensure patient privacy, and adhere to other applicable facility requirements.
