1 Setting up your camera

Charging the battery (approximately 2 hours)

Use this procedure to charge the battery or power the camera with AC power.

1. Keep the camera watertight
   Tightly close all doors

2. Charge the battery
   Whenever necessary.

Do not charge the battery near water.

Charging light:
- On = charging
- Off = charged
(approx. 2 hours)

KODAK Camera USB Cable, Micro B / 5-Pin
(Use only the cable included with this camera!)

Keep the camera watertight
Tightly close all doors
See other charging solutions
see page 2

www.kodak.com/go/support
Setting up your camera

Charging using external charger or USB

Do not charge the battery near water.

**Charger**

1. Connect the camera, then turn it off to start charging.

**USB**

Charging light:
- **On** = charging
- **Off** = charged

(approx. 4 hours)

KODAK Camera USB Cable, Micro B / 5-Pin (Use only the cable included with this camera!)

Keep the camera watertight

Tightly close all doors

Purchase extra KLIC-7004 batteries

www.kodak.com/go/playsportaccessories

www.kodak.com/go/support
Inserting an SD or SDHC Card

Your camera has limited internal memory—perfect for a few practice videos/pictures. We strongly suggest that you purchase an SD or SDHC Card to store more. (Maximum supported card size is 32 GB.)

⚠️ CAUTION:
A card can only be inserted one way; forcing it may cause damage. Inserting or removing a card while the camera is on may damage the video/pictures, the card, or the camera.

1. Turn off the camera.
2. Insert the card until it clicks.
Setting up your camera

Connecting a strap
2 Using your camera

Turning on the camera

Setting the date/time

At the prompt, press OK.

\[\text{UP/DOWN} \quad \text{to change current field.} \]

\[\text{LEFT/RIGHT} \quad \text{for previous/next field.} \]

\[\text{OK} \quad \text{to accept.} \]

Change date/time later see page 11
Using your camera

Recording videos, taking pictures

When you turn on the camera, it’s ready to record.

- **OK**: Start/stop recording
- **In Liveview, press to cycle LCD Glare Shield filters**
  - Normal
  - High Saturation
  - B&W (black & white)
  
  **NOTE**: The LCD Glare Shield must be turned on in the Settings menu. See page 11.

- **In Review or on a menu, press to go to Liveview**
- **Zoom in/out**
- **Change recording modes**

Recording modes

</table>

**Purchase extra cards, batteries** [www.kodak.com/go/playsportaccessories](http://www.kodak.com/go/playsportaccessories)

**Use the optional remote control** see page 13
Playing videos

Press and hold to Stop

Review

Previous/next video

Play/Pause

Volume

Delete video/pictures

While playing, play in slow motion.
While paused, press for different views:

1-up

Thumbnail view

Timeline view

While playing, fast-forward/rewind 2X/4X/8X/16X.
While paused, go forward/reverse one frame.

Use the optional remote control see page 13

www.kodak.com/go/support
Using your camera

Transferring, editing, sharing online

1 Connect the camera. (It turns on automatically.)

2 If this is the first time you’ve connected to this WINDOWS OS-based computer, follow the prompts to install ARC SOFT MEDIA IMPRESSION for KODAK Software. You can then transfer and share videos.

Videos and pictures can be used with the APPLE ILIFE suite of products to edit, personalize, make DVDs, share via YouTube and APPLE Online Sharing Services (IWEB and MOBILEME), or with ITUNES for syncing with IPHONE, IPOD, or APPLE TV.

Get ArcSoft product support  www.arcsoft.com/support
See HD video system requirements  www.kodak.com/go/HDsysreq
Deleting videos/pictures

1. Review
2. Previous/next
3. Delete
4. ▲▼ to highlight a choice, then press OK

www.kodak.com/go/support
Using your camera

Viewing on a TV

Set TV input to match your connection. For stereo playback, use the HDMI cable.

<table>
<thead>
<tr>
<th>Set Video Out (NTSC/PAL)</th>

</tr>
</tbody>
</table>
Accessing the settings menu

Press the **Settings** button to access the Settings menu.

![Settings menu diagram]

**Date/Time**—Set the date/time.

**TV Video Out**—Choose the setting (NTSC, PAL) for your region.

**LCD Brightness**—Set LCD brightness. (Auto lets the camera set it for you.)

**Volume/Sounds**—Turn sounds on/off. (When off, the Video Recording light is also turned off.)

**Microphone Gain**—Choose sensitivity of the internal microphone.

**Underwater Mode**—Turn on if taking videos/pictures under water. (See page 12.)

**LCD Glare Shield**—Turn on to improve LCD viewability in bright, outdoor conditions.

**Electronic Image Stabilization**—Turn on to reduce video blur.

**Face Detection**—Turn face detection on/off.

**Format Card**—Erase, format the card.

**Camera Info**—View firmware and ARCOFT Software versions.
Using your camera

Using the camera under water

⚠️ CAUTION:
The camera does not float. To prevent it from sinking, secure it with the strap. To keep the camera waterproof, tightly close all doors. Do not open doors in water or when hands are wet. Waterproof integrity may be compromised if the camera is dropped. For more information, see page 20.

1. Press the Settings button, then choose Underwater Mode.
2. Press to choose the checkmark, then press OK.
3. Press the Liveview button, then take videos/pictures as you normally do.
4. When finished taking underwater videos/pictures, turn Underwater Mode off.

After using the camera in water

- Wipe off water or debris. If the camera was used in chemically treated water or saltwater, rinse it in fresh water, then use a soft towel to dry it.
- If water has entered the camera, remove the battery/card. Allow camera to air-dry for at least 24 hours before using.
Using the optional remote control

Use the optional remote control just as you would use the on-camera buttons—to start/stop recording, review videos and pictures, and more. Go to www.kodak.com/go/playsportaccessories.

Remove the tab to activate the battery

Using the remote control

- Stop
- Delete
- Previous/Next
- Reverse/Forward
- Record/OK/Play
- Review Mode
- Volume/Zoom

Troubleshooting

<table>
<thead>
<tr>
<th>Icon</th>
<th>Solution</th>
</tr>
</thead>
<tbody>
<tr>
<td>■ Low battery. Charge the battery.</td>
<td></td>
</tr>
</tbody>
</table>
| ■ Card or internal memory is nearly full. Transfer videos/pictures to your computer.  
  ■ Corrupt or unusable card. Transfer videos/pictures to your computer, then format (erase) the card in the camera or card reader. |
| ■ Internal memory is full. Transfer videos/pictures to your computer, or use an SD/SDHC card to take more videos/pictures. |
| ■ Card is full. Transfer videos/pictures to your computer or use another card. |
| ■ Unrecognized file. Transfer videos/pictures to your computer. |
| ■ An error has occurred. Transfer videos/pictures to your computer, then format (erase) the card. |
## Problem | Solution
---|---
Camera will not turn on.  | ■ Ensure that the battery is correctly inserted and charged.  
  | ■ Ensure the camera is clean and dry. (If it's wet inside, let it dry for 24 hours.)
LCD is not clear.  | ■ Choose an LCD Glare Shield (page 11).
LCD is B&W.  | ■ Choose a different LCD Glare Shield (page 11).
Underwater videos are not clear.  | ■ Underwater focus range is 1.33 m (4.4 ft)–infinity
Videos are choppy or jumpy when played on a computer.  | ■ Use ARCsoft MEDIAIMPRESSION for KODAK Software for video playback (see page 8).  
  | ■ Ensure that the computer system requirements are met. Go to [www.arcsoft.com/support](http://www.arcsoft.com/support).
Videos are blurry.  | ■ Ensure that the lens is clean.  
  | ■ Ensure that the subject is at least 1 m (3.3 ft) from the lens.  
  | ■ Turn on Electronic Image Stabilization (see page 11).  
  | ■ When using a tripod, turn off Electronic Image Stabilization.
Videos do not play on a TV.  | ■ Ensure that an HDMI or AV Cable is properly connected directly to the TV input (see page 10).  
  | ■ Ensure that the TV menu settings are correct for an HDMI or AV connection.  
  | ■ Ensure that the Video Out is set correctly (see page 11).
Videos are in low resolution and/or are not saved.  | ■ If no card is inserted and the camera is powered by the AC adapter, then videos are taken in low resolution and are not saved. (The camera is in Demo mode.) Insert a card or unplug the AC adapter.
Camera will not work with optional remote control.  | ■ Ensure that the battery is correctly inserted in the remote control and camera.  
  | ■ Ensure that the camera infrared receiver (above the lens) and the remote control have an unobstructed path.  
  | ■ Try a different angle, or move closer.

4 Appendix

Specifications

**Image Sensor**—1/2.5-type, 5 MP, CMOS

**Lens**—5.5 mm, f/2.8; 35 mm equivalent: 48 mm (1080p), 36 mm (720p/60 fps, 720p, WVGA), 36 mm (Still)

**Zoom**—4X digital

**LCD**—5 cm (2 in.); 154K pixels

**Image Storage**—128 MB internal memory (approximately 20.3 MB available for image storage. 1 MB equals one million bytes); optional SD/SDHC Card. (The SD logo is a trademark of the SD Card Association.) Maximum supported size: 32 GB SDHC.

**Focusing System**—Fixed

**Focus Range**—Normal: 1 m (3.3 ft)–infinity; Underwater: 1.33 m (4.4 ft)–infinity

**White Balance**—Auto

**Exposure**—Auto

**File Format**—Still: JPEG with Kodak EXIF; Video: H.264 (MOV); Audio: MPEG-4 AAC LC

- HD 1080 (16:9) 30 fps: 1920 x 1080 @ 30 fps
- HD 720 (16:9) 60 fps: 1280 x 720 @ 60 fps
- HD 720 (16:9) 30 fps: 1280 x 720 @ 30 fps
- WVGA (16:9) 30 fps: 848 x 480 @ 30 fps
- Still (16:9): 5 MP picture

**Shutter Speed**—Auto

**Image stabilization**—Electronic, in all video modes

www.kodak.com/go/support
Appendix

Microphone—Mono
ISO—Automatically set (50–800)
Speaker—Yes
I/O Interface—USB 2.0 (high speed); component output; HDMI
Tripod Mount—1/4-in. standard
Power—KODAK SV AC adapter, or KODAK Li-Ion Rechargeable Digital Camera Battery KLIC-7004
Battery life—Approximately 90 minutes in video recording mode, 720p @ 30 fps
Waterproof capability—Conforms to IEC60529 IPX8, up to 3 meters (9.8 ft)
Dust resistance—Conforms to IEC60529 IP6X
Size—112.5 x 58 x 19.5 mm (4.4 x 2.3 x 0.8 in.)
Weight—145 g (5.1 oz) with battery and card
Operating temperature—0–40 °C (32–104 °F); do not expose camera to higher temperatures.

Safety

⚠️ CAUTION:
Do not disassemble this product; there are no user-serviceable parts inside. Refer servicing to qualified service personnel. KODAK AC Adapters and battery chargers are intended for indoor use only. The use of controls, adjustments, or procedures other than those specified herein may result in exposure to shock and/or electrical or mechanical hazards. If the LCD breaks, do not touch the glass or liquid. Contact Kodak customer support.

■ The use of an accessory that is not recommended by Kodak may cause fire, electric shock, or injury. For approved accessories, go to www.kodak.com/go/playsportaccessories.
Use only a USB-certified computer equipped with a current-limiting motherboard. Contact your computer manufacturer if you have questions.

If using this product in an airplane, observe all instructions of the airline.

When removing batteries, allow them to cool; they may be hot.

Follow all warnings and instructions supplied by the battery manufacturer.

Use only batteries approved for this product to avoid risk of explosion.

Keep batteries out of the reach of children.

Do not allow batteries to touch metal objects, including coins. Otherwise, a battery may short circuit, discharge energy, become hot, or leak.

Do not disassemble, install backward, or expose batteries to liquid, moisture, fire, or extreme temperature.

Remove the batteries when the product is stored. In the unlikely event that battery fluid leaks inside the product, contact Kodak customer support.

In the unlikely event that battery fluid leaks onto your skin, wash immediately with water and contact your local health provider. For additional health-related information, contact your local Kodak customer support.

Go to www.kodak.com/go/reach for information about the presence of substances included on the candidate list according to article 59(1) of Regulation (EC) No. 1907/2006 (REACH).

Dispose of batteries according to local and national regulations. Go to www.kodak.com/go/kes.

For more information, go to www.kodak.com/go/batteries.
Appendix

Care and maintenance

■ Before inserting or removing the card/battery, make sure your hands, the camera, and the card/battery are completely dry.
■ In water, do not use below a depth of 3 meters (9.8 ft).
■ Do not open/close camera doors in water.
■ The camera will not float. Use the strap at all times.
■ If water has entered the camera, remove the battery/card. Allow all components to air-dry for at least 24 hours before using the camera.
■ If the camera was used in chemically treated water or saltwater, rinse it in fresh water, then use a soft towel to dry it.
■ Wipe off dirt or sand from the door seals—debris could compromise the seal and cause a leak in water.
■ Do not subject the camera to temperatures lower than 0 (32°F) or higher than 40°C (104°F) for an extended time—the integrity of the seals may be compromised. Wait until camera reaches operating temperatures before using.
■ Blow gently on the lens or LCD to remove dust and dirt. Wipe gently with a soft, lint-free cloth or an untreated lens-cleaning tissue. Do not use cleaning solutions unless designed specifically for camera lenses. Do not allow chemicals, such as suntan lotion, to contact painted surfaces.
■ Service agreements may be available in your country. Contact a dealer of KODAK Products for more information.
■ For camera disposal or recycling information, contact your local authorities. In the US, go to the Electronics Industry Alliance Web site at www.eiae.org or go to Kodak at www.kodak.com/go/support.

Limited warranty

Kodak warrants its digital cameras and accessories (excluding batteries) to be free from malfunctions and defects in both materials and workmanship for the warranty
Appendix

period specified on your KODAK Product packaging. Retain the original dated sales receipt. Proof of purchase date is required with any request for warranty repair.

**Limited warranty coverage**

Warranty service is only available from within the country where the Products were originally purchased. You may be required to ship Products, at your expense, to the authorized service facility for the country where the Products were purchased. Kodak will repair or replace Products if they fail to function properly during the warranty period, subject to any conditions and/or limitations stated herein. Warranty service will include all labor as well as any necessary adjustments and/or replacement parts. If Kodak is unable to repair or replace a Product, Kodak will, at its option, refund the purchase price paid for the Product provided the Product has been returned to Kodak along with proof of the purchase price paid. Repair, replacement, or refund of the purchase price are the sole remedies under the warranty. If replacement parts are used in making repairs, those parts may be remanufactured, or may contain remanufactured materials. If it is necessary to replace the entire Product, it may be replaced with a remanufactured Product. Remanufactured Products, parts and materials are warranted for the remaining warranty term of the original Product, or 90 days after the date of repair or replacement, whichever is longer.

**Limitations**

This warranty does not cover circumstances beyond Kodak’s control. This warranty does not apply when failure is due to shipping damage, accident, alteration, modification, unauthorized service, misuse, abuse, use with incompatible accessories or attachments (such as third party ink or ink tanks), failure to follow Kodak’s operation, maintenance or repacking instructions, failure to use items supplied by Kodak (such as adapters and cables), or claims made after the duration of this warranty. Kodak makes no other express or implied warranty for this product. In the event that the exclusion of any implied warranty is ineffective under the law, the duration of the implied warranty will be the length of the express warranty period specified on your KODAK Product packaging. The option of repair, replacement, or refund is Kodak’s only obligation. Kodak will not be responsible for any special, consequential or incidental damages resulting from the sale, purchase, or use of this product, regardless of the cause. Since some states do not allow the exclusion or limitation of incidental or consequential damages, the above limitation or exclusion may not apply to you.

www.kodak.com/go/support
Appendix

product regardless of the cause. Liability for any special, consequential or incidental
damages (including but not limited to loss of revenue or profit, downtime costs, loss
of the use of the equipment, cost of substitute equipment, facilities or services, or
claims of your customers for such damages resulting from the purchase, use, or failure
of the Product), regardless of cause or for breach of any written or implied warranty is
expressly disclaimed.

Your rights
Some states or jurisdictions do not allow exclusion or limitation of incidental or
consequential damages, so the above limitation or exclusion may not apply to you.
Some states or jurisdictions do not allow limitations on how long an implied warranty
lasts, so the above limitation may not apply to you. This warranty gives you specific
rights, and you may have other rights which vary from state to state or by jurisdiction.

Outside the United States and Canada
In countries other than the United States and Canada, the terms and conditions of
this warranty may be different. Unless a specific Kodak warranty is communicated to
the purchaser in writing by a Kodak company, no warranty or liability exists beyond
any minimum requirements imposed by law, even though defect, damage, or loss may
be by negligence or other act.

Regulatory compliance

FCC compliance and advisory

This equipment has been tested and found to comply with the limits for a Class B
digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to
provide reasonable protection against harmful interference in a residential
installation. This equipment generates, uses, and can radiate radio frequency energy
and, if not installed or used in accordance with the instructions, may cause harmful
interference to radio communications. However, there is no guarantee that
interference will not occur in a particular installation. If this equipment does cause
harmful interference to radio or television reception, which can be determined by
turning the equipment off and on, the user is encouraged to try to correct the
interference by one or more of the following measures: 1) reorient or relocate the
receiving antenna; 2) increase the separation between the equipment and the receiver; 3) connect the equipment to an outlet on a circuit different from that to which the receiver is connected; 4) consult the dealer or an experienced radio/TV technician for additional suggestions. Any changes or modifications not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment. Where shielded interface cables have been provided with the product or specified additional components or accessories elsewhere defined to be used with the installation of the product, they must be used in order to ensure compliance with FCC regulation. The KODAK Adapter K20-AM complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

CE

Hereby, Eastman Kodak Company declares that this KODAK Product is in compliance with the essential requirements and other relevant provisions of Directive 1999/5/EC.

Waste Electrical and Electronic Equipment labeling/battery disposal

In Europe: For human/environmental protection, it is your responsibility to dispose of this equipment and batteries at a collection facility established for this purpose (separate from municipal waste.) For more information, contact your retailer, collection facility, or appropriate local authorities; or go to www.kodak.com/go/recycle. Product weight: 145 g (5.1 oz) with battery and card.
