TUSCARAWAS

TUSCARAWAS

Kent State University Tuscarawas History

Kent State University at Tuscarawas began in the fall of 1962 as an academic center at New Philadelphia High School. That September, 202 students were registered for the night program.

In 1965, acting under a state law used successfully only in Tuscarawas County, the Tuscarawas County University Branch District was formed. Seven county residents were appointed by the Tuscarawas County Commissioners to a board of trustees, which then voted to place a five-year, half-mill levy on the November ballot of that year. By a two-to-one margin, county voters passed the levy and provided \$600,000 to help finance the Tuscarawas Campus. The State of Ohio and the federal government provided an additional \$1.8 million.

With the opening of the campus in 1968, the availability of higher education for area citizens was significantly enhanced. Today, Kent State Tuscarawas offers 16 associate degrees and 13 bachelor's degrees. Since 1962, approximately 35,882 citizens have sought to satisfy their aspirations for self-improvement, professional growth and social and economic betterment through credit coursework at Kent State Tuscarawas.

Kent State Tuscarawas is part of the eight-campus network of Kent State University. However, unlike other state university regional campuses, Kent State Tuscarawas is owned by the Tuscarawas County University Branch District and operates under contract with Kent State University for programs and services.

Since the 1968 construction of the original building, now called Founders Hall, there have been five additions to the building. To accommodate enrollment and program growth, three new state-of-the-industry facilities have been constructed. In 2002, the Science and Advanced Technology Center opened and houses the science and nursing programs, as well as workforce development and customized training. In 2010, the world-class Performing Arts Center opened featuring 50,000 square feet and a 1,100-seat theatre. It is also a premiere venue for conferences, receptions, traveling Broadway shows, concerts, lectures and other types of entertainment.

The most recent addition to the campus is the 27,000-square-foot Tolloty Technology Incubator, which opened in June 2014. Located on Tech Park Dr. N.E., the facility is the gateway to the Tuscarawas Regional Technology Park. The Incubator is a state-of-the-art science, technology, research and development facility. It was developed to cultivate and nurture technology-based entrepreneurship and stimulate the regional economy through new business development, business expansion and the creation of high-tech, high-skill jobs. It also provides academic opportunities for Kent State Tuscarawas students through co-ops and internships, as well as serving as a forum for students to investigate and launch their own enterprises. The Tuscarawas County Community Improvement Corporation manages the Incubator in partnership with Kent State Tuscarawas, which owns the facility.

The Mission of Kent State University

The mission of Kent State University is to transform lives and communities through the power of discovery, learning and creative expression in an inclusive environment.

ACADEMIC REGALIA

Identification of the hood and robe as academic apparel is believed to have originated at the English universities of Oxford and Cambridge during the 12th and 13th centuries. The hoods are a carry-over from the time when monks, who operated these universities, wore them to protect their shaved heads in winter. The robe is an adaption of the shoulder cape also worn by monks while collecting alms.

Use of the academic robe came to the United States in 1754, with the founding of what is now Columbia University. In 1895, a commission of University officials adopted a universal code of design and color for the academic garb. This code has undergone several revisions in subsequent years with most recent modifications made in 1960.

Styling of the robe varies for the bachelor's, master's and doctoral degrees. The width of the sleeve borders and length of the hood increase with each advanced degree.

In the hoods, the color of the velvet border indicates the type of degree held, while the lining designates the official colors of the institution granting it.

CEREMONIAL MACE

The ceremonial mace, a symbol of university scholarship and integrity and the powers and authority vested in the leaders of the institution, is used to lead the academic procession at commencement and other special ceremonial occasions. It signifies the importance of the event and the confirmation of the academic process.

THE ALMA MATER

Words by
E. Turner Stump*

Music by
Dwight Steere

The musical score consists of five staves of music in common time, treble clef, and key signature of one sharp (F#). The lyrics are integrated with the music, appearing below each staff.

From the beau - ty land O - hi - o comes a u - ni - ver - sal
praise, Tis the song of Al - ma Ma - ter that her sons and daught - ters
raise, 'Tis a Hail to Kent for - ev - er, on the Tus - ca - ra - was
shore, Now we join the lov - ing thou - sands as they sing it o'er and o'er.
Hail to thee, our Al - ma Ma - ter O, how beau - ti - ful thou art,
Nes - tled there be - tween the hill - tops, Reign - ing o - ver ev - ry heart.

* Local adaptions by Linda M. Yoder and Robert McCullagh
