

Speech-Language Pathologist (SLP)

Job Summary

As a speech-language pathologist, you have a talent for assessing, planning and improving. Your natural gift of detecting speech & language development problems and determining the best course of treatment makes you a highly desirable candidate for our team. We will always respect your expertise, opinions and recommendations, and you will have access to a wonderful team of experienced individuals who will do everything they can to support you. Enjoy learning and growing in a rich and encouraging culture where you will feel empowered to make decisions and perform your duties without restraint. As an indispensable part of our team, you will discover how it feels to not only change your own life, but the lives of others as well.

Job Responsibilities

- Develop treatment plans to assist patients with speech problems such as articulation, delayed language, stuttering, cognition, swallowing disorders, and harsh voice problems.
- Assess patient needs and adjust treatments in accordance with patient progression.
- Evaluate language, speech, cognition, swallowing to diagnose and develop a treatment plan.
- Develop programs or activities for individuals and/or groups to deal with language, swallowing, cognition, & speech delays.
- Teach patients proper techniques for achieving more effective communication, swallowing, and cognition.
- Instruct patients on how to strengthen the muscles of the face, tongue and jaw to facilitate improved speech & swallowing.
- Conduct speech, language, and hearing screenings and diagnostic evaluations to determine the need for clinical services.
- Participate as a team member in the comprehensive evaluation, review, and reevaluation process.
- Demonstrate awareness of the needs of patients and provide for individual differences.
- Demonstrate effective interpersonal relationships with others.
- Maintain appropriate, confidential records and provide timely reports.
- Order and maintain an adequate inventory of materials and supplies.
- Supervise and train staff members as assigned.
- Keep abreast of new information, innovative ideas, and techniques.
- Adhere to all health and safety policies, including all precautions of the Bloodborne Pathogens Exposure Control Plan.

Caring Service with Real Results
