Project Overview

A. Project Description

Kent State University Office of the University Architect (KSU) intends to pre-qualify firms to provide engineering services for projects that are not advertised through the Ohio Register, or other media. This pre-qualification process will determine the list of firms that will be eligible for award of contracts for the period covering July 1, 2021 – June 30, 2023.

Services will be in support of KSU design of projects, as well as support Local Administration of projects. Consultants are utilized for small projects, studies or criteria architects for design build or specialized tasks in which the A/E selection process would be unnecessarily cumbersome.

Upon completion of the selection process, where appropriate, KSU will seek Controlling Board approval for total contract awards to each pre-qualified firm up to the amount of \$250,000 for a two-year period. Each individual assignment may range in the amount of \$25,000 - \$75,000 per project; however, there are exceptions where fees for an individual assignment exceed \$75,000.

The number of pre-qualified engineering consultants selected through this process is within the discretion of KSU. While the pre-qualified status means that a firm is eligible for award of contracts, there is no guarantee that a firm will be awarded any work or representation of the amount of work a firm may receive within the two-year period.

B. Scope of Services

Work assignments may include, but are not limited to, specialty design (any architectural discipline including landscape design); review or creation of a Program of Requirements; various studies; prototype building design; preparation of bidding and construction documents; criteria design packages; preparation of cost estimates; pre-design investigations; quality assurance testing during construction; extensive pre-design surveying services, soil testing and engineering, validation of existing site conditions, code required special inspections and testing.

Services will be provided in accordance with a standard form of agreement. The scope of work and schedule for a specific project will be described in an Exhibit document attached to the agreement at the time of contract award.

SERVICES REQUIRED

- Mechanical Engineering (HVAC, Fire Protection, Plumbing)
- Electrical Engineering
- Structural Engineering
- Civil Engineering
- Testing
- Inspection
- Commissioning
- Telecommunications/Technology Design

- Experience managing projects with the State's OAKS CI management software.
- Past performance of prospective firm and its proposed consultants.
- Qualifications and experience of individuals directly involved with the project.
- Proposer's previous experience (numbers of projects, sizes of projects) when working with its proposed consultants.
- Specification writing credentials and experience.
- Experience and capabilities of creating or using Critical Path Method (CPM) schedules and of using CPM schedules as a project management resource.
- Approach to and success of using partnering and Alternative Dispute Resolution.
- Proximity of prospective firms to the project site.
- Proposer's apparent resources and capacity to meet the needs of this project.
- The selected A/E and all its consultants must have the capability to use the Internet within their normal business location(s) during normal business hours.

Interested A/E firms are required to submit the *Commitment to Participate in the EDGE Business Assistance Program* form in its Statement of Qualifications (Form F110-330) submitted in response to the RFQ, to indicate its intent to contract with and use EDGE-certified Business Enterprise(s), as a part of the A/E's team. The *Intent to Contract and to Perform* and / or waiver request letter and *Demonstration of Good Faith Effort* form(s) with complete documentation must be attached to the A/E's Technical Proposal. Both forms can be accessed via the OFCC website at <https://ofcc.ohio.gov>. The *Intent to Contract and to Perform* form is again required at the Fee Proposal stage.

J. Submittal Instructions

Firms are required to submit the current version of *Statement of Qualifications* (Form F110-330) available via the OFCC website at <https://ofcc.ohio.gov>.

Electronic submittals should be combined into one PDF file named with the project number listed on the RFQ and your firm's name. Use the "print" feature of Adobe Acrobat or similar software for creating a PDF rather than using a scanner. If possible, please reduce the file size of the PDF. In Acrobat, go to Advanced, then PDF Optimizer. Also, please label the CD or DVD or flash drive and the sleeve with the project number and firm name if applicable.

Facsimile and email copies of the *Statement of Qualifications* will not be accepted.

Submissions must be enclosed in a sealed envelope with project name and number listed, and sent to Joseph A. Graham, Interim Executive Director and University Architect, Suite 101 Harbourt Hall, 615 Loop Road, Kent, OH 44242.

The following special instructions apply to completing the SAO-F110-330 form:

- Firms are requested to list this RFQ Project Number (**KSU-21L091**)
- Firms should indicate EDGE status on Part I, Section C
- Firms wishing to highlight certain discipline projects should do so on Page 1 of Section F (Please limit projects to no more than ten)
- Do not submit Section F, Page 2 (Relevant Projects Experience Matrix)
- Do not submit Section H, Page 3 & 4 (Commitment to Participate in the EDGE Business Assistance Program)
- Firms performing current Consultant List projects should identify all those projects on Page 1 of Section F (Example projects which best illustrate proposed team's qualifications for this contract)

Firms should submit responses independent of other firms (no teams). Firms should only submit one (1) response regardless of single or multiple disciplines within the firm. However, firms should clearly identify and provide experience on all disciplines to be considered.

Proposal Due Date: July 1, 2021, 2:00pm (EST)

Eligibility will be effective for the period covering July 1, 2021- June 30, 2023

Request for Qualifications (Architect / Engineer) continued

KSU will evaluate the proposals submitted and identify a list of firms that it considers to be qualified to provide the required services. KSU may interview the identified firms to further explore their qualifications and the scope and nature of the services they would provide.

Following this evaluation, KSU will rank the firms that it considers as most qualified to provide the required services. The number of firms that will be determined as pre-qualified is at the sole discretion of Kent State University.

Firms are requested to identify professional registrations, memberships and credentials including: LEED GA, LEED AP, LEED AP+, CCCA, CCM, CCS, CDT, CPE, DBIA, and any other appropriate design and construction industry credentials. Identify that information on the resume page for individual in Block 22, Section E of the F110-330 form.
